## START SCREEN

# Get started

This section has resources to help you start using your tablet right away. You can also check out <u>Tablet overview (on page 5)</u> and <u>Navigation (on the next page)</u> to familiarize yourself with your new tablet. For more information about using and customizing your tablet, see <u>Understand the basics (on page 17)</u> and <u>Change basic settings (on page 33)</u>.

## CHARGE THE BATTERY

#### Notes

Charge your tablet fully before using it the first time.

• Connect the type-C USB cable to your tablet and AC power adapter, then plug the adapter into a power outlet. The charging indicator lights red while charging, then turns off when the battery is fully charged.

#### Note

It will take about four hours to fully charge your tablet.

## Check your battery level

• Tap the 🔳 battery icon in the taskbar at the bottom of your screen.

## Conserve battery power

- Turn off Wi-Fi when you aren't using it.
- Turn off Bluetooth when you aren't using it.
- Lower the screen brightness. See <u>Adjust the screen brightness (on page 40)</u>.
- Limit background activity and push notifications. Tap I in the taskbar, then tap **Battery saver**.
- Turn off "Hey Cortana." See <u>Use Cortana (on page 18)</u> for more information.

## TURN ON YOUR TABLET FOR THE FIRST TIME

1. Press and hold the 0 button until the Insignia logo appears.

2. Select your language, then follow the instructions on the screen to complete setup.

# Navigation

This section teaches you how to find your way around your tablet.

## NAVIGATE WITH GESTURES

Gesture	Action
Tap	Tap an app or other item with your finger to open or select it.

Gesture	Action
Touch & hold	Touch an item with your finger and hold it until your tablet responds.
Drag	Touch and hold an item with your finger, then move your finger to the position where you want the item.
Swipe	Quickly slide your finger either vertically or horizontally across the screen.
Pinch	Pinch your fingers together or move them apart.
Rotate	To change the screen orientation from portrait to landscape (or from landscape to portrait) turn your tablet sideways. <b>Tip:</b> If the tablet doesn't automatically rotate, open the <i>Action Center</i> , then tap <b>Rotation lock</b> .

## FIND YOUR WAY AROUND

## Start screen

• Tap to open or close the Start screen.

## **Action Center**

The Action Center displays notifications and provides quick access to frequently used settings. To open the Action Center:

- Swipe from the right edge of your tablet toward the center of the screen. OR
- Tap 🗐 in the lower-right corner of the task bar.

#### Switch between tablet and desktop modes

• Open the Action Center, then tap **Tablet mode** to switch between tablet and desktop modes.

## Apps list

 If in tablet mode, tap ☐ in the lower-left corner of the Start screen. OR

If in desktop mode, tap **I** in the lower-left corner of the Start screen, then tap **I** All apps.

## Search

If in tablet mode, tap 
 <sup>O</sup> (search) in the taskbar, tap the search box to open the keyboard, then type what you are looking for.

• If in desktop mode, tap the search bar, then type what you are looking for. If the on-screen keyboard does not open automatically, tap (keyboard) in the lower-right corner of your screen.

• See <u>Use Cortana (on page 18)</u> for instructions on how to use voice search and commands.

## Open task view

• Tap <sup>[]</sup> (task view) in the taskbar to view a list of open apps.

# Understand the basics

Learn the basics about customizing and navigating your tablet, plus other helpful features.

## TURN YOUR TABLET ON OR OFF

## Turn on your tablet

• Press and hold the 🙂 button. Your tablet turns on.

#### Note

If you don't touch your tablet for a period of time (depending on the screen timeout setting), it may sleep with the screen off. Press  $\bullet$  briefly to wake it up.

# INSIGNIA<sup>-</sup>

## Turn off your tablet

There are a few ways to turn off your tablet. You can:

- Press and hold the  $\bullet$  button for three seconds, then swipe down.
- If in tablet mode, tap O (power), then tap **Shut down**.

## **USE CORTANA**

Cortana is your tablet's personal assistant. Use it for voice commands, voice search, finding files on your tablet, and more.

## Set up Cortana

To set up Cortana for the first time:

• Open the search bar, tap **O** (Cortana), then follow the on-screen instructions.

## To set up Cortana to respond automatically:

- 1. Open the search bar, tap 🖾 (Notebook), then tap 🖏 (Settings).
- 2. Under *Hey Cortana*, tap the bar to turn on *Let Cortana respond to "Hey Cortana."*

#### Use Cortana

## OR

Say "Hey Cortana" (see <u>Set up Cortana (on the previous page)</u> to set up Cortana to respond automatically).

2. Say a command or search term, then answer Cortana's follow-up questions, if needed.

#### Personalize Cortana

While Cortana becomes more personalized the more you use it, you can also adjust settings to get the most out of Cortana.

1. Open the search bar, then tap (Notebook).

2. Select a category, adjust your settings, then tap Save.

## USE DATA STORAGE DEVICES

## Use a micro SD card

#### Notes

- You can use up to a 128GB micro SD card.
- Do not remove the card while data is transferring. See <u>Transfer files</u> (below).
- With the label facing the back of your tablet, gently push the micro SD card (not included) into the MICRO SD slot until it clicks. Your tablet automatically opens your memory card files.
- To remove a micro SD card, see <u>Safely eject a data storage device (on</u> <u>the facing page)</u> for instructions on how to safely eject the card, then press the card in until it clicks and carefully remove it from the slot.

## Transfer files

Connect a data storage device or data transfer cable to move files between devices.

Move files with a data storage device

- 1. Connect a data storage device (such as a micro SD card) to your tablet.
- 2. Open the 🛱 File Explorer to copy or move files to your data storage device.
- 3. See <u>Safely eject a data storage device (on the facing page)</u> for instructions on how to safely eject your storage device from your tablet, then connect it to your second device to move the files.

#### Move files with a data transfer cable

- 1. Connect a data transfer cable (not included) to your tablet and a second device. You cannot use a charging cable to transfer files.
- 2. See the information that came with the transfer cable for instructions on copying, moving, and deleting files.

#### Safely eject a data storage device

1. Tap on the right side of the taskbar, then tap (Safely Remove Hardware).

#### Note

If you are in tablet mode and you don't see the safely remove hardware icon, touch and hold the taskbar, then tap **Show all notification icons**.

2. Tap your device in the list, then disconnect your data storage device when your tablet says it is safe.

## **USE SPLIT SCREEN**

Split screen lets you use multiple apps at the same time.

#### Note

Your tablet must be in landscape mode to use split screen.

## Tablet mode

- 1. Open an app.
- 2. Swipe down from the top edge of your tablet until the app minimizes, then drag the app to the left or right side of the screen until a black bar appears.

3. Open a second app. It automatically opens on the other side of the screen.

#### Notes

- To re-size the windows, drag the black divider bar left or right.
- If you open a third app, it will hover between the first two apps that you opened. Swipe your finger to the left or right to select which app you want it to replace.
- To go back to full screen, drag the black bar to the edge of your screen.

#### Desktop mode

- 1. Open an app, then drag the app window to the left or right edge of the screen.
- 2. Open a second app, then drag the app window the other edge of the screen.
- 3. To open an app in full screen, drag the app window to the top edge of the screen.

## RESET YOUR TABLET

#### Restart your tablet

#### Note

Restarting your tablet keeps all personal files, apps, and settings.

INSIGNIA

 If your tablet freezes, press and hold the O button for 10 seconds to turn it off, then press and hold the O button to turn it back on. Your stored data and customized settings aren't affected.

## **Recovery reset**

#### Note

Recovering your tablet removes apps and settings, but keeps your personal files.

- 1. Open All apps > Settings > Update & security > Recovery.
- 2. Under *Reset this PC*, tap **Get started**.
- 3. In the *Choose an option* window, tap **Keep my files**.
- 4. Follow the on-screen instructions to complete the reset.

## Reset to factory defaults

## Note

Resetting your tablet to factory defaults settings removes all personal files, apps, and settings from your tablet.

- Transfer your files to a flash drive or another computer. All your files will be deleted during the reset. See <u>Use data storage devices (on page 20)</u> for instructions on moving your files.
- 2. Locate product keys for apps (such as Microsoft Office) that you need to re-install after the reset.
- 3. Open I All apps > ☺ Settings > ◯ Update & security > Recovery.
- 4. Under *Reset this PC*, tap **Get started**.
- 5. In the Choose an option window, tap Remove everything.
- 6. Choose Just remove my files (for a fast reset) or Remove files and clean the drive (for a more secure reset).
- 7. Follow the on-screen instructions to complete the reset.

## Reset from startup

## Note

Reset from startup if you cannot access the settings menu. You can recover or reset to factory defaults.

- 2. Turn off your tablet.
- 3. Press and hold the O (power) and **Vol** buttons, then release the buttons when the INSIGNIA logo and the "Please wait" prompt appear.
- 4. Tap Troubleshoot, then tap Reset this PC.
- 5. Tap Keep my files or Remove everything.
- 6. Follow the on-screen instructions to complete the reset.

## OPEN THE TASK MANAGER

The task manager can be used to close apps when they are not responding.

To restart your tablet, see **Restart your tablet (on page 23)**.

1. Open E All apps > Windows System > Task Manager.

2. To close an app, select it from the list, then tap End Task.

#### Note

Note

If using the detailed view, tap the Processes tab.

## ADJUST THE SOUND

• Press the volume + or - button to raise or lower the volume.

# INSIGNIA<sup>-</sup>

## Access sound controls

- 1. Open E All apps > Windows System > Control Panel.
- 2. If your tablet settings are sorted in alphabetical order, tap **Sound**. OR

If your tablet settings are sorted by category, tap **Hardware and Sound**, then select an option under *Sound*.

## Adjust keyboard sound

1. Open 🕸 Settings > 😇 Devices > Typing.

# Troubleshooting

Learn how to handle unexpected issues.

### What should I do if I can't find something?

- If in tablet mode, tap (search) in the taskbar, tap the search box to open the keyboard, then type what you are looking for.
   OR
- If in desktop mode, tap the search bar to type what you are looking for. If the on-screen keyboard does not open automatically, tap 🕮 (keyboard) in the lower-right corner of your screen.

### What should I do if I forget my password?

- Your password is your Microsoft account password. If you do not have a Microsoft account, use the password associated with the email address you used during setup.
- If you forgot your password, go to www.microsoft.com to reset it.

### What should I do if the display freezes or does not respond?

• Press and hold the 🖞 button for 10 seconds to turn off your tablet, then turn it back on.

### What should I do if I cannot turn on my tablet?

 Make sure that the battery is fully charged. If the battery is too low, your tablet will not turn on. Connect your tablet to the power adapter and fully charge the battery.

### How do I switch between tablet and desktop modes?

• Tap 🗐 in the taskbar to open the *Action Center*, then tap **Tablet mode** to switch between tablet and desktop modes.

### What should I do if I can't access the web?

- Make sure that Wi-Fi is turned on. See <u>Connect to a Wi-Fi network (on page 51)</u>.
- Check the wireless signal indicator in the taskbar. If there is no signal, you are not connected.
- Make sure that you select the right network and enter the correct password. See <u>Connect to a Wi-Fi network (on page 51)</u>.
- Reset your router by unplugging it for 10 seconds, then plugging it back in.

### What should I do if there is no sound coming from my tablet?

- The volume may be muted or set too low. Press the volume + button to increase the volume.
- If listening through headphones, unplug and reconnect your headphones. Make sure that the connector is pushed in all the way.
- If listening through your tablet's speakers, unplug any devices connected to the headphone jack.
- Make sure that your tablet is not paired to a Bluetooth speaker.

### Where can I find more help on using Windows 10?

- Open (2) All apps, then tap Get Started.
   Note: You may need to be connected to the Internet to access some parts of the Get Started app.
- Go to http://windows.microsoft.com/en-us/windows-10/support to find help on the Microsoft website.

### How do I check for Windows updates?

Depending on your settings, your tablet may automatically check for and install Windows updates. To manually check for updates:

- 1. Open 🔅 Settings > 🔾 Update & security > Windows Update.
- 2. Tap Check for updates, if needed.
- 3. If your tablet is set up to schedule updates, use the available options to schedule a restart or tap **Restart now** to restart immediately.

### How do I backup my files?

- 1. Open <sup>(2)</sup> All apps > **□** Windows System > <sup>□</sup> Control Panel.
- 2. If in category view, tap **System and Security**, then tap **File History**. OR

If in icon view, tap File History.

Tap Turn on, then tap Run now.
 Note: You must have a drive connected to your tablet to turn on and run a backup.

**Note:** You should also review your files and back up manually to make sure that nothing is missed.

### How do I reset my tablet to factory defaults?

**Note**: A factory reset removes all personal data and settings from your tablet. Back up your data before resetting your tablet.

- Transfer your files to a flash drive or another computer. All your files will be deleted during the reset. See <u>Use data storage devices (on</u> <u>page 20)</u>.
- 2. Locate product keys for apps (such as Microsoft Office) that you need to re-install after the reset.
- 3. Open <sup>(☉)</sup> Settings > <sup>(⊂)</sup> Update & security > Recovery.

### **Regulatory information**

Computer models equipped with wireless communications comply with the radio frequency and safety standards of any country or region in which it has been approved for wireless use. In addition, if your product contains a telecom modem, it complies with the requirements for connection to the telephone network in your country.

Be sure to read the Regulatory Notice for your country or region before using the wireless devices contained in your computer.

### Polyvinyl Chloride (PVC) cable and cord notice

Handling the cord on this product or cords associated with accessories sold with this product will expose you to lead, a chemical known in the State of California to cause cancer and birth defects or other reproductive harm. **Wash hands after handling.** 

#### Using headphones or earphones

If your computer has both a headphone connector and an audio-out connector, always use the headphone connector for headphones (also called a headset) or earphones.

Excessive sound pressure from earphones and headphones can cause hearing loss. Adjustment of the equalizer to maximum increases the earphones and headphones output voltage and therefore the sound pressure level.

Excessive use of the headphones or earphones for a long period of time at high volume can be dangerous if the output of the headphones or earphone connectors do not comply with specifications of EN 50332-2. The headphone output connector of your computer complies with the EN 50332-2 Sub clause 7.

This specification limits the tablet's maximum wide bandtrue RMS output voltage to 150 mV. To help protect against hearing loss, ensure that the headphones or earphones you use also comply with EN 50332-2 (Clause 7 limits) for a wide band characteristic voltage of 75 mV. Using headphones that do not comply with EN 50332-2 can be dangerous due to excessive sound pressure levels.

If your tablet came with headphones or earphones in the package, as a set, combination of the headphones or earphones and the computer already complies with the specifications of EN 50332-1. If different headphones or earphones are used, ensure that they comply with EN 50332-1 (Clause 6.5 Limitation Values). Using headphones that do not comply with EN 50332-1 can be dangerous due to excessive sound pressure levels.

#### Plastic bag notice

**Caution:** Plastic bags can be dangerous. Keep plastic bags away from babies and children to avoid danger of suffocation.

#### Rechargeable battery notice

Do not attempt to disassemble or modify the battery pack. Attempting to do so can cause an explosion, or leakage from the battery pack. A battery pack other than the one specified by Best Buy, or a disassembled or modified battery pack is not covered by the warranty.

If the rechargeable battery pack is incorrectly replaced, there is danger of an explosion. The battery pack contains a small amount of harmful substances. To avoid possible injury:

- Replace only with a battery of the type recommended by Best Buy.
- Keep the battery pack away from fire.
- Do not expose it to water or rain.
- Do not attempt to disassemble it.
- Do not short-circuit it.
- Keep it away from children.
- Do not drop the battery pack.

Do not put the battery pack in the trash that is disposed of in landfills. When disposing of the battery, comply with local ordinances or regulations.

If the battery pack is to be stored separately, place it in a dry environment of a temperature between 10-35° C and keep it away from direct sunlight. To extend battery life, we recommend you charge the battery to approximately 30 to 50% capacity and recharge it every three months to prevent the battery from over-discharging.

# **One-Year Limited Warranty**

#### **Definitions:**

The Distributor\* of Insignia branded products warrants to you, the original purchaser of this new Insignia-branded product ("Product"), that the Product shall be free of defects in the original manufacturer of the material or workmanship for a period of one (1) year from the date of your purchase of the Product ("Warranty Period").

For this warranty to apply, your Product must be purchased in the United States or Canada from a Best Buy branded retail store or online at www.bestbuy.com or www.bestbuy.ca and is packaged with this warranty statement.

#### How long does the coverage last?

The Warranty Period lasts for 1 year (365 days) from the date you purchased the Product. Your purchase date is printed on the receipt you received with the Product.

### What does this warranty cover?

During the Warranty Period, if the original manufacture of the material or workmanship of the Product is determined to be defective by an authorized Insignia repair center or store personnel, Insignia will (at its sole option): (1) repair the Product with new or rebuilt parts; or (2) replace the Product at no charge with new or rebuilt comparable products or parts. Products and parts replaced under this warranty become the property of Insignia and are not returned to you. If service of Products or parts are required after the Warranty Period expires, you must pay all labor and parts charges. This warranty lasts as long as you own your Insignia Product during the Warranty Period. Warranty coverage terminates if you sell or otherwise transfer the Product.

### How to obtain warranty service?

If you purchased the Product at a Best Buy retail store location, please take your original receipt and the Product to any Best Buy store. Make sure that you place the Product in its original packaging or packaging that provides the same amount of protection as the original packaging. If you purchased the Product from a Best Buy online web site (www.bestbuy.com or www.bestbuy.ca), mail your original receipt and the Product to the address listed on the web site. Make sure that you put the Product in its original packaging or packaging that provides the same amount of protection as the original packaging.

To obtain warranty service, in the United States call 1-888-BESTBUY or in Canada call 1-866-BESTBUY. Call agents may diagnose and correct the issue over the phone.
