

# TAYLOR®

INDOOR/OUTDOOR

## 18.5" DECORATIVE METAL CLOCK ▪ HYGROMETER ▪ THERMOMETER

- Decorative metal finish is durable and weather resistant
- Quartz clock movement for accuracy

### MOUNTING INSTRUCTIONS:

1. Select a location on a wall that is out of direct sunlight.
2. Two screws or nails (not included) are required for mounting. Place the first screw approximately 2 $\frac{3}{4}$ " below the point where the top of the thermometer will be positioned, leaving screw or nail head out approximately  $\frac{1}{4}$ ". Place the second screw or nail 8" below the first.
3. Place the thermometer over the screw or nail heads.

### CLOCK OPERATING INSTRUCTIONS:

1. Insert 1 AA battery (not included) according to polarity inside the battery compartment.
2. Set correct time by rotating the adjustment knob on the back of clock movement.

### EXPOSURE:

Do not mount in direct sunlight, near a heat source, or near a large body of water as these situations could affect the proper air temperature reading.

Mount securely and protected from the wind to prevent against any damage from being knocked off the mounting screw and falling to the ground. Ultraviolet light from sunlight can prematurely weather the product.
