

PRO POOP TIPS!

DON'T SPILL YOUR FOOD!	Avoid spilling the slime powder and texture when adding it to the container or when feeding your character.
DON'T GET TONGUE-TIED!	The tongue should be out of the way before pouring the water and feeding your character.
PEEING IN YOUR PANTS ISN'T COOL!	After adding the water and before feeding your character, make sure there are no leaks. If leaks are present, dump out the water, adjust the legs so they are in the standing position and pour more water.
DON'T TALK WITH YOUR MOUTH FULL!	Character's mouth should be tightly closed before shaking. It will snap in place when it is fully closed.
DON'T PRAIRIE DOG IT!	When it is time to shake your character, make sure your thumb is covering the butt.
LET THE POOP FLOW.	Avoid shaking for longer than a minute or your character will not poop.
CONSTIPATED?	If your character did not poop, open its mouth and remove the slime with your fingers.
DON'T LEAVE FLOATERS!	Some of the texture gets stuck inside the character. Open its mouth and remove with your finger to add it to the slime.
SAVE YOUR POOP FOR LATER!	Use the toilet to store your slime after playing. Tightly close the cover to prevent it from drying.

Important Information

- Not for children under 8 years. Keep out of reach of young children.
- Adult supervision is required when children are playing with water.
- Contents are not real food. Do not eat.
- Keep slime away from paper surfaces, as it will stick permanently.
- Color transfer from pigments may occur. Wash hands thoroughly after use and keep slime away from clothing and surfaces other than the character and toilet container.
- Keep contents away from eyes, mouth and face.
- Avoid contact with the eyes. Keep away from damaged skin. Use under adult supervision.
- Store slime in the toilet and tightly replace the cap.
- Slime will dry out over time. Store in a sealed container to prevent drying out when not in use.
- Do not dispose of slime in the drain. Dispose in a trash receptacle once you are finished playing.
- Water temperature may affect the slime's consistency. Do not use hot water.
- Your character's right leg opens the door on the bottom. It should be in the standing position when shaking the water with slime mixture.
- To clean character, containers and toilet, rinse with warm water and dry with a paper towel. Dry it thoroughly before storing.

Please keep this manual as it contains important information.

AGES 8+ YEARS

WARNING:
CHOKING HAZARD-Toy contains a small ball & small parts.
Not for children under 3 years.

ADULT SUPERVISION REQUIRED

Contents

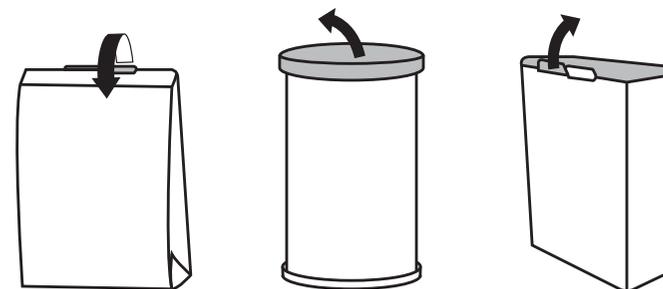

- Character
- Junk Food Container (with shaker ball inside)
- Toilet (measuring cup and slime storage)
- Slime Powder in Packet
- Slime Texture in Packet

Illustrations are for reference only. Styles may vary from actual contents.

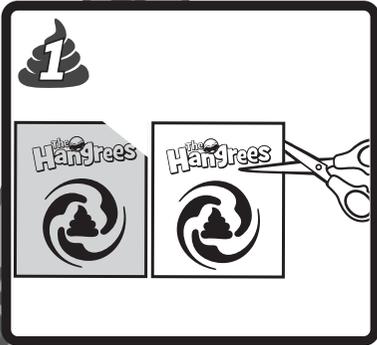

Junk Food Container

Each container opens differently.
Find your container's shape below to see how to open it:

Time to Poop Slime!

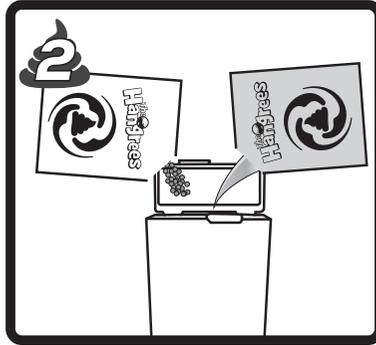

Before beginning, cover the play area to prevent possible damage. Check out the PRO POOP TIPS on the back for best results.

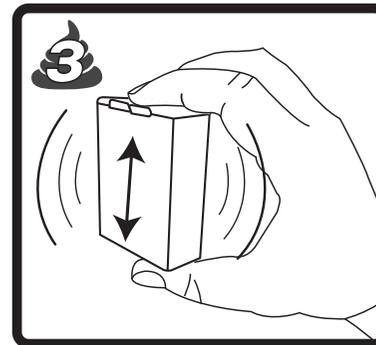

Ask an adult to cut the slime powder and slime texture packets with scissors.

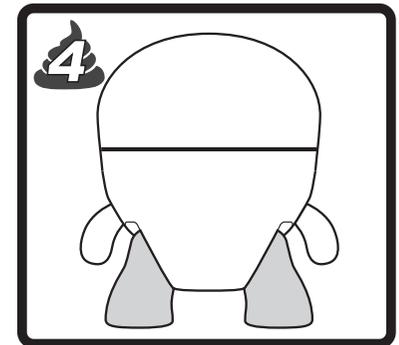

Bag Food Container
If you have the bag container, skip step 2 and go to step 4. You will pour the packets' contents and the ball directly into the character after adding the water.

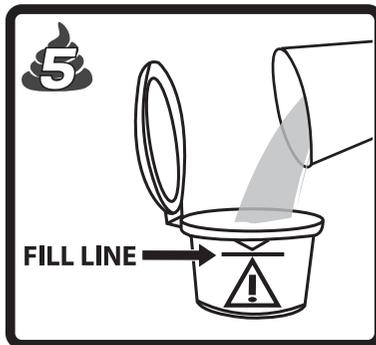

Open the junk food container and pour the slime powder and slime texture.
NOTES: • Do not remove the shaker ball inside container.
• AVOID SPILLING THE POWDER AND TEXTURE.

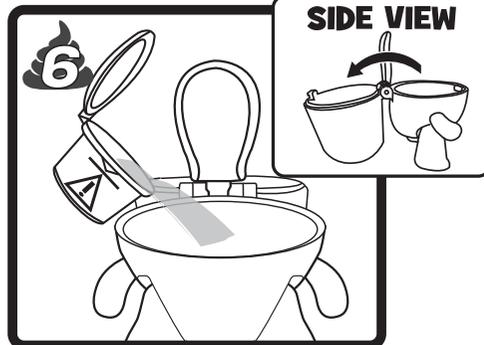

Tightly close the lid and, while holding the lid shut, shake once to mix the powder and texture with shaker ball inside.

Before moving onto the next step, make sure the legs are in the standing position.

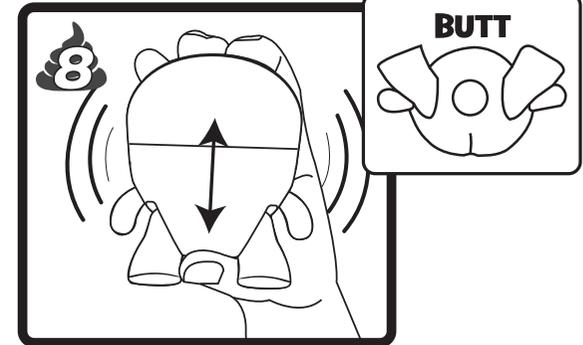

Fill the toilet up to the fill line with room temperature water.

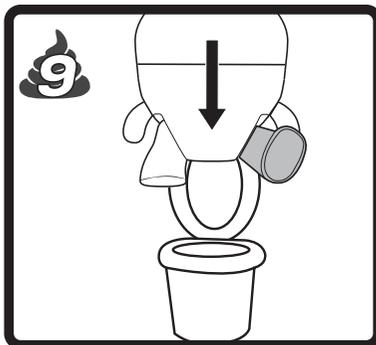

Fully open its mouth and rest its head on the table so it stands on its own. Then, pour in the water.
TIPS: • Tongue should be out of the way.
• Check for any leaks. If character pees, dump out the water and repeat steps 4 and 5 before moving on.

Feed your character! Pour the contents inside the junk food container into your character. The shaker ball should also go into the character.

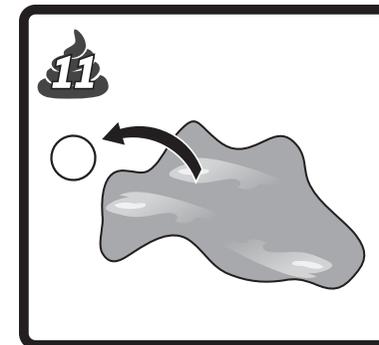

Snap its mouth closed. Then, with your thumb covering the butt and your other fingers holding its head closed, shake for 1 minute.

After shaking for a minute, lift the toilet seat cover and immediately place your character directly over the toilet facing forward. For a perfect fit, lift its left leg.

To make your character poop slime, lift its right leg and sit him on the toilet. Its butt will open and poop slime into the toilet. Allow the poop slime to sit in the toilet for up to 10 minutes.

Remove shaker ball and store it or keep in the slime for added fun!
