*All product and service features require acceptance of the Terms of Service ("TOS") located at: www.magicjack.com/tos. Features are subject to certain usage restrictions and other limitations. Certain uses may incur a charge and require prepaid purchases or additional payments.

911 emergency calling and/or texting is not available through the mobile app. You are solely responsible for obtaining, accessing, and paying any fees for third-party products and services necessary to utilize the products and services provided by magicJack (such as a compatible smart phone or tablet and high-speed internet access). The 12-months of free magicJack service offer is subject to limitations, see the TOS for details. Porting an existing phone number will require an additional fee. The robo-call blocking feature is intended to screen non-human automated incoming calls, however, the screening of all telemarketing and other automated calls is not guaranteed (see the TOS for more information).

Calls to conference and toll lines, platforms, and certain non-ILEC area may incur a charge and require prepaid purchase of minutes. Services offered by magicJack, including unlimited calling to numbers within the United States and Canada, are based on normal, non-excessive use. If we become aware of unreasonably excessive use of the services, including, without limitation, usage that is extraordinarily greater than the average customer usage, or calling more than 50 different telephone numbers per day, or forwarding calls from the mobile app for longer than a two week consecutive period, or systematic or intentional misuse, we reserve the right, in our sole discretion, to terminate your use of the services immediately.

The Windows mark is owned by the Microsoft Corporation and the Mac and MacOS marks are owned by Apple, Inc. Such third-party marks are used solely for the purposes of stating product compatibility.
