

OR30SDPWIX1

30" Induction Range

This 30in Freestanding Range gives you the flexibility to prepare several courses simultaneously with an extra large oven, combined with a 4-zone induction cooktop. The unique design and clean lines in black reflective glass and stainless steel complement the style and elegance of any modern kitchen

Brushed Stainless Steel with black glass

Dimensions

Depth	24 7/32"
Height	A 35 21/32 - 36 11/32"
Width	B 29 7/8"

Features & Benefits

Perfect Results

Professional performance is delivered by eight oven functions — perfect for any culinary requirements. The cooktop's PowerBoost function delivers 3700 watts of instant, intense heat when you need it and there is also a gentle heat setting for slow, continuous simmering.

Precise Control

Benefits of induction include fast heat-up times, immediate response and precision cooking; cooler temperatures on the glass; and greater energy efficiency than that of either gas or electric.

Sized to Suit

Our 30" Ranges are spacious, with 3.6 cu.ft of total capacity. A five position shelving system allows ample space for larger meals.

Easy Cleaning

Cleaning is made simple with the flat surface of the induction cooktop; the self-cleaning oven function and easily removable oven door.

Safe and Sound

A triple glazed door makes the oven safe to touch; the door and oven cooling system keep heat away from cabinetry; while the cooktop has a pan detection system that alerts you if the cooktop is left on with no pan in place.

Designed to Match

Induction cooking is popular with those who love visual simplicity. This Range is designed to complement the Fisher & Paykel kitchen product family with clean lines of black glass and stainless steel.

Specifications
