

THE NEW GENERATION THINKPAD E15 IS BETTER

Processor

A step up from the E590, the E15 comes with up to 10th Generation Intel® Core™ i7 Processors suited for multitasking

Design

Smaller—18.9mm—and lighter—1.9kg—than its predecessor, the E15 is the result of an efficient design philosophy

FPR Integrated Power Button

Secure and fast power-ups and logins, with just a touch

Wi-Fi 6

The fastest and most stable Wi-Fi yet, it is perfect for heavy data transfers and effective collaboration

Storage

Dual drive storage—SSD and HDD—works to bring both speed and storage capacity to the E15

Visuals

Full-HD, anti-glare, and IPS with a wide color gamut offer a stunning visual experience, every time

Audio

HARMAN stereo speakers powered by Dolby® Audio™ deliver stunning sound

ROBUST AND REASONABLE IN EQUAL MEASURE

Modern business laptops need to do a lot, from facilitating workplace collaboration to running heavy applications and securing business data. Powered by the latest up to 10th Generation Intel® Core™ i7 Processors, the ThinkPad E15 delivers in every facet. It's designed for the future, delivering performance and convenience, without making a big dent in your budget.

AN ALLIANCE OF FUNCTION AND EFFICIENCY

FAST

The E15 offers Wi-Fi 6 for rapid transfer speeds, improved range, and network capacity

SECURE

ThinkShutter guarantees webcam privacy, while dTPM 2.0 chip encrypts sensitive onboard data

VIVID VISUAL AND AUDIO

Full-HD, anti-glare, 15.6-inch, and IPS display offer a vivid visual while HARMAN stereo speakers powered by Dolby® Audio™ provide clear sound

SMART

Intel® Optane™ memory boosts system performance, perfect for heavy office multitasking

GET MORE DONE

GRAPHICS

AMD Radeon™ RX 640 makes the E15 well-suited for creatives engaged in media creation

STORAGE

Dual Drive (SSD + HDD) storage offers both speed and voluminous capacity

USB TYPE-C

Full-function USB Type-C port allows fast power, media, and data transfers all at once for uncluttered desks

SMART POWER ON

Touch Fingerprint integrated with power button offers secure login and power on in one touch

¹Available on Intel® UMA configuration

PRELOAD EVERYTHING YOU NEED, NOTHING YOU DON'T

Lenovo Vantage Software

For software updates, personalized settings, hardware diagnostics, warranty information, and technical support.

DAX3 with Dolby® Audio™

Audio optimization platform that offers crystal-clear audio, 2.1 surround sound, and automatic volume control to best fine-tune Dolby® Audio™.

McAfee® LiveSafe™ (trial)

For robust security against threats, risky websites, and malware.

Microsoft Office (trial, except in Japan)

To create, edit, share, and store content virtually from anywhere in the Office Suite.

MAKE THE SHIFT TO WINDOWS 10 PRO

- Lenovo devices running on Windows 10 Pro offer multi-level protection with built-in hardware security features like discrete TPM 2.0 and Windows Hello with Touch Fingerprint on power button (Smart Power Button).
- Users can easily integrate their Lenovo devices with Windows 10 Pro and take full advantage of its advanced capabilities.
- Lenovo precision clickpad supports Windows 10 Pro gestures for an intuitive user experience.
- Backed by Windows 10 Pro, Lenovo devices deliver enhanced performance and battery life for a full workday.
- ThinkPad E15 with Windows 10 Pro enables faster bootups and better multitasking for enhanced productivity.

Depending on many factors such as the processing capability of peripheral devices, file attributes, and other factors related to system configuration operating environments, the actual transfer rate using the various USB connectors on this device will vary and is typically slower than the data rates as defined by the respective USB specifications: - 5 Gbit/s for USB 3.1 Gen1; 10 Gbit/s for USB 3.1 Gen2 & 20 Gbit/s for USB 3.2.
