L1, L2, L3, R1, R2, R3, Menu

Features

Wired Lightning connection, Lightning
connected cable, pass through
charging, LED Lights.

Affiliate App

Ludu Mapp (for all controller
compatible titles available)

Warranty

90 days warranty.

Features

Apple approved controller for use with over 1,000 controller compatible apps from games to remote control vehicles (not all drones and games are compatible). Rotor Riot controller plugs directly into, and is powered by your mobile device eliminating latency and lag experienced when using a Bluetooth connection. No installation necessary for use, plug the controller into your device and play! Compatible games can be found in the affiliate app.

New Additions

The RR1850 now supports pass through charging, improved 8-way D-Pad and features a newly designed balanced mobile support post.

Affiliate App

Ludu Mapp is the official affiliate app of the Rotor Riot controller, download Ludu Mapp using QR code below.
