

## The ultimate performance smartphone

Galaxy Note10

Galaxy Note10+

Are you looking for a powerful smartphone that enables you to be both creative and productive, while also allowing you to immerse yourself in a movie or online game when you are on the move? Then the Note10+ or the more compact Note10 is the right companion for you in your everyday life. An almost borderless display and the S Pen with intuitive gesture control are just two of the many outstanding features of the new Samsung performance smartphone.

### Galaxy Note10+ Highlights

- 6.8" WQHD Dynamic AMOLED
- S Pen with handwriting recognition and gesture control
- 4300 mAh battery with super fast charging
- Five professional grade cameras incl. time-of-flight (ToF)
- 12 GB RAM, 256/512 GB memory, expandable by up to 512 GB with a micro SD
- On-screen ultrasonic fingerprint
- Wireless PowerShare
- Water- and dust-resistant to IP68
- Available in a 5G version

### Galaxy Note10 Highlights

- 6.3" FHD+ Dynamic AMOLED
- S Pen with handwriting recognition and gesture control
- 3500 mAh battery with fast charging
- Four professional grade cameras
- 8GB RAM, 256 GB memory
- On-screen ultrasonic fingerprint
- Water- and dust-resistant to IP68
- Wireless PowerShare

### S Pen with handwriting recognition and gesture control

The Note10 reliably recognizes your handwriting and converts it into exportable text. With the S Pen connected via Bluetooth, you can use intuitive gesture control to navigate through galleries and websites and take selfies with a click.

### Ultimate design

Despite its huge 6.8" or 6.3" screen, the Galaxy Note10 is compact and comfortable to hold. Thanks to the Dynamic AMOLED display, you can enjoy your images and videos in rich colors and on a bright screen, even in direct sunlight when you are on the beach.

### Top performance and long runtime

The new processor and up to 12 GB of RAM not only improve performance for demanding applications, they also reduce power consumption. The large-capacity battery allows you to watch a movie on the go even after an intensive day's work, without running out of power.

### Film like a pro with the Note10+

Become a director and film your masterpieces with bokeh effect. With the audio zoom, you simultaneously emphasize the sound of the closer scene being recorded. Use the 3D lens to measure furniture or perfectly display AR games.

## Product details Samsung Galaxy Note10 series
