| | IX. ACTIVATE VOICE ASSISTANT
Push two times |

② CHARGING

Place the headphones with the right ear cap facing down on a wireless charger or connect them to a power source via the included USB cable to charge the battery.

③ LED INDICATOR

The LED shows the battery level while charging, red through orange to green (0–100%). It blinks blue while in Bluetooth pairing mode and white while paused or searching for a device. The LED is steady white while playing.

④ 3.5 mm INPUT/OUTPUT SOCKET

Share your audio by plugging in another pair of headphones.

GETTING STARTED

01. Push and hold the control knob until the LED indicator blinks blue.
02. Select Major IV from your sound device's Bluetooth® list.
