\* The range in real-life conditions can be reduced from maximum range.

Mountain to Valley: Up to 25 miles

Open Water: Up to 6 miles

Neighborhood: Up to 1 mile

UP TO  
**25**  
MILES

\* The communication range quoted is calculated under optimum conditions, with an unobstructed line of sight. Actual range will vary depending on terrain and conditions, and is often less than maximum possible. Your actual range will be limited by several factors including, but not limited to, terrain, weather conditions, electromagnetic interference, and obstructions.

\*\* Based on standard usage of 5/5/90 cycle.5/90 cycle.
