EXTRAORDINARY COFFEE

Creating the finest cup begins with sourcing the best coffee beans from around the world. Our coffee experts carefully roast, grind and blend these beans to ensure that the same unmistakable character, taste and aroma are always delivered, cup after cup.

A **smooth, rich crema** is the signature of a **perfect** espresso and coffee. Crema is the perfect in-cup result that Nespresso is known for, and is formed by the Nespresso extraction process.

Our ground coffee is packed into an **aluminum capsule** which is **fully recyclable**.

Capsules are **hermetically sealed** to protect from air, light and moisture to preserve coffee freshness, taste and over **900 distinct aromas**.

31+* 
Original Nespresso Coffee blends

3 cup sizes

RISTRETTO .85 oz	ESPRESSO 1.35 oz	LUNGO 3.75 oz

30+* 
Vertuo Nespresso Coffee blends

Nespresso began with a simple but revolutionary idea: enable anyone to create the perfect cup of espresso, just like a skilled barista.

what else?

* constant additions in varieties and Limited Editions in coffee

TWO MACHINE RANGES

All Nespresso coffee machines are equipped with a patented extraction system to produce the perfect coffee, every time. Add a Nespresso Aeroccino milk frother to create a luxurious cappuccino or latte.

ORIGINAL
THE CLASSIC ESPRESSO EXPERIENCE

Original offers an endless array of aromas, to fit all espresso tastes. Short or long, strong or decaf-feinated, with crema or brimmed with milk foam. Classic in its own way.

VERTUO
THE FULL RANGE OF COFFEE STYLES

From small cups to large mugs, from hot to cold recipes. It's a universe of infinite possibilities, tailored to your every taste. Every style, your style.

SMALL STEPS MAKE A BIG DIFFERENCE

Every cup of Nespresso is a force of good. Globally 110,000+ small independent farmers work with our agronomists to sustainably increase the yield of the highest quality beans that we pledge to buy from them at a premium. We are investing in regions like Zimbabwe, and parts of Colombia and Puerto Rico where coffee production was in serious decline. Through agroforestry investments we help farmers protect the ecosystem for coffee to grow.

Coffee is sustainably-grown and packed in aluminum capsules to preserve freshness.

Capsules are fully recyclable. 88,000+ collection points make it easy.

Recycled aluminum gets a second life through everyday objects.

Coffee grounds make for excellent compost, which keeps the cycle going!

NESPRESSO UPS MAIL-BACK PROGRAM

Join us in our efforts by adding a free pre-labeled recycling bag to your coffee order. Once filled with used capsules, drop it off at any of the over 88,000 UPS collection points in the contiguous U.S. Visit [Nespresso.com/us](https://www.nespresso.com/us) or call 1-877-964-6299 for details.
