

The Hi-Res Audio certified NuForce HEM In-Ear Monitors are an innovative audio series with cutting-edge designs. The six models are engineered with the finest details including the latest Balanced Armature Driver technology. These luxury high-quality earphones are perfect for those who demand balanced high end sound in a portable form factor.

HEM Dynamic

A single dynamic driver with deep and powerful bass. Ideal for music on the go.

HEM1

A single full range BA driver. Ideal for home musicians and audio enthusiasts. Bright and detailed sound.

HEM2

The best sound quality of any single BA driver in-ear monitor. Warm and pleasant sound with natural and deep bass.

HEM4

Reflects sound better than most in its class. Designed for professionals and audio enthusiasts.

HEM6

Perfectly balanced for professional use on stage as well as music on the go.

HEM8

Professional monitoring tool with the most balanced sound and the most accurate bass.
