### PACKAGE CONTENTS

- CD boombox
- AC power cord
- Quick Setup Guide

### IMPORTANT SAFETY INSTRUCTIONS

1. Read these instructions.
2. Keep these instructions.
3. Heed all warnings.
4. Follow all instructions.
5. Do not use this apparatus near water.
6. Clean only with dry cloth.
7. Do not block any ventilation openings. Install in accordance with the manufacturer’s instructions.
8. Do not install near any heat sources such as radiators, heat registers, stoves, or other apparatus (including amplifiers) that produce heat.
9. Do not defeat the safety purpose of the polarized or grounding-type plug. A polarized plug has two blades with one wider than the other. A grounding-type plug has two blades and a third grounding prong. The wide blade or the third prong are provided for your safety. If the provided plug does not fit into your outlet, consult an electrician for replacement of the obsolete outlet.
10. Protect the power cord from being walked on or pinched particularly at plugs, convenience receptacles, and the point where they exit from the apparatus.
11. Only use attachments/accessories specified by the manufacturer.
12. Use only with the cart, stand, tripod, bracket, or table specified by the manufacturer, or sold with the apparatus. When a cart is used, use caution when moving the cart/apparatus combination to avoid injury from tip-over.
13. Unplug this apparatus during lightning storms or when unused for long periods of time.
14. Refer all servicing to qualified service personnel. Servicing is required when the apparatus has been damaged in any way, such as power-supply cord or plug is damaged, liquid has been spilled or objects have fallen into the apparatus, the apparatus has been exposed to rain or moisture, does not operate normally, or has been dropped.
15. Ventilation: Slots and openings in the cabinet are provided for ventilation and to ensure reliable operation of the product and to protect it from overheating, and these openings must not be blocked or covered. The openings should never be blocked by placing the product on a bed, sofa, rug, or other similar surface. This product should not be exposed to dripping or splashing, and no objects filled with liquids, such as vases, shall be placed on the apparatus.
16. The power plug is used as the disconnect device and should remain readily accessible during the device's intended use.
17. The battery should not be exposed to excessive heat, such as direct sunlight, fire, or the like.
18. No naked flame sources, such as lighted candles, should be placed on the apparatus.
19. The marking information is located at the bottom of apparatus.
20. Caution: The use of any controls, adjustments, or procedures other than those specified herein may result in hazardous radiation exposure.

### Safety Information

**Warning**: To reduce the risk of fire or electric shock, do not expose this appliance to rain or moisture. This apparatus shall not be exposed to dripping or splashing, and no objects filled with liquids, such as vases, shall be placed on the apparatus.

### Class II Equipment Symbol

This symbol indicates that the unit has a double insulation system.
USING YOUR CD PLAYER

Connecting AC power

Note: Batteries are not needed when connecting to AC power.

1. Connect the AC power cord (included) to the AC input socket on the CD player.
2. Plug the cord into a standard AC wall socket.

Installing batteries

1. Insert eight C alkaline batteries (not included) into the battery compartment as indicated on the diagram in the compartment.
2. Securely close the battery compartment cover.

Notes:
- Battery power is used only when AC power is disconnected.
- Replace all batteries at the same time with the same battery type. Do not mix battery types.
- When the CD player is stored unused for a long time, remove the batteries to prevent damage.

Connecting to AC power

1. Connect the external audio device to the AUX IN jack on the back panel of your CD player using a 3.5 mm cable (not included).
2. Press SOURCE to select the AUX function. “AUX” appears in the upper-right of the LCD screen.

Connecting to radio

1. Press and hold SOURCE for two seconds to automatically scan and store stations. Each station found during the scan will be saved to memory from the lowest to the highest frequencies.
2. Press PROG/MEM again to confirm. “P02” (the track number in programmed order) flashes for two seconds, followed by “01” (Track number in the disc order). Press to choose another track, then press PROG/MEM again to confirm. “P02” flashes for two seconds, followed by “01”. Repeat the operation to confirm the second track in programmed order. After you have selected the tracks you want, press PROG/MEM to start playing in programmed order.
3. Press to stop playback. Press stop again to exit. “Prog” disappears from the upper-middle of the LCD screen.

MAINTAINING YOUR CDS

- Handle CDs only by their edges. Never allow your fingers to contact the reflective, unprinted side of the CD.
- Do not attach things such as adhesive tape and stickers to your audio CDs.
- Periodically clean your CDs with a soft, lint-free, dry cloth. Never use detergents or adhesive cleaners to clean the disc.
- If necessary, use a CD cleaning kit.
- If the CD skips or gets stuck on a section of the disc, it is probably dirty or damaged (scratched).
- When cleaning CDs, wipe in straight lines from the center of the CD to the outside edge. Never wipe in circular motions.
