

# OPENSWIM

WIRELESS BONE CONDUCTION MP3 SWIMMING HEADPHONES

Take open-ear listening to new depths. OpenSwim (formerly Xtrainerz) is engineered with Shokz's signature open-ear design and 7th generation bone conduction technology to ensure bud-free, comfortable listening all day, in or out of the water. OpenSwim are completely waterproof and submersible, and feature four gigabytes of MP3 storage, so athletes can swim, run, cycle, and train harder than ever before.

**Not compatible with Bluetooth or audio streaming services.**
