

# Quick & Easy Temperature Monitoring

## 4000 measurements in 2 seconds

With 16 infrared sensors and our patented HotSpot Sensor™, Thermo finds the hottest spot and provides a highly-accurate temperature reading in only 2 seconds.

## Wi-Fi and Bluetooth-connected

Thermo synchronizes automatically with the dedicated app via Wi-Fi or Bluetooth. Within the app you get a temperature diary, a simple analysis and you can include relevant information such as medication and/or symptoms. You can easily share the Thermo diary with your doctor at any time with one click.

## Simple, reliable, hygenic

A light touch over the temporal artery is all it takes: Thermo delivers color-coded temperature feedback that is relevant to the user's age profile, to help you easily understand the reading. And since there is no contact with earwax, saliva or any other body fluid, Thermo is by far the most sanitary way to take anyone's temperature.

**Sync with  
Nokia Thermo**

## Specifications

**Model**  
SCT01

**Clinical accuracy**  
±0.2°C (±0.4°F)

**Temperature range**  
35°C - 43.2°C (95°F - 109.8°F)

**Resolution**  
0.1°C / 0.1°F

**Display of rectal equivalent temperature**

**Sensor**  
thermopile array sensor (infrared sensors)

**Operating environment (temperature/ humidity)**  
10°C - 40°C (50°F - 104°F), 15% ≤ RH ≤ 95%

**Storage conditions (temperature/ humidity)**  
-25°C to +55°C (-13°F to 131°F), 15% ≤ RH ≤ 95%

**Battery type**  
2x 1.5V LRO3 AAA alkaline cells

**Connectivity**  
Wi-Fi b/g/n 2.4 Ghz (WEP, WPA, WPA2-personal encryptions), Bluetooth Smart Ready

**Display**  
20x5 LEDs matrix display

**Up to 8 user profiles**

**Button and touch sensitive slider**

**Size**  
L = 116 mm (4.57 in.) x Diam = 33.2 mm (1.31 in.)

**Weight**  
75g (0.165 lbs), including batteries weight

**Package content**  
Nokia Thermo, 2x AAA batteries (already installed), protective cap, Quick Start Guide, Instruction Manual.

## Nokia 360° well-being experience

A unique range of smart products and apps for healthy and balanced choices
