

*More friendship.
Less frustration.*

*More groove.
Less garble.*

ENRICH PRO (IN EAR) PSAP

When you need a little help hearing but are not ready for a hearing aid, Lucid Audio's Enrich Pro Personal Sound Amplification Product (PSAP) is an inexpensive and powerful way to help you hear better. Enrich Pro — In Ear is **Powered by Lucid™**, our state-of-the-art technology designed to deliver a more natural sound quality. Enrich Pro is superior to traditional "compression" hearing products, providing the wearer better communication in noisy environments as well as enhanced comfort in quiet situations.

Enrich Pro IE (In-Ear) has a comfortable, discreet in ear design that can be used right out of the box and is almost invisible when worn. The Enrich Pro — In Ear has 8 channels, 2 adjustable settings, and is pre-programmed for the majority of hearing loss ranges. It has several of the benefits of higher priced hearing aids: low-level noise suppression, dynamic feedback cancelling, omni-directional microphones, and nano technology. The result is comfortable clear hearing at a fraction of the cost.

hear better

FEATURES AND BENEFITS

Nearly Invisible In-Ear design

Unique Right or Left Ear design (Red Tip – Right; Blue Tip – Left)

Powered by Lucid™ sound processing technology

Pre-Programmed for the majority of hearing loss ranges

8 Channels and 2 Listening Modes (Conversation, Concerts) allow you to adjust to a variety of environments.

Programming Wand

Omni-Directional Microphone

Low-Level Noise Suppression provides for improved comfort in quiet environments. Noises such as air conditioning, refrigerator motors or internal microphone noise are all reduced by this system.

Multi-function Rocker Switch (VC/Program select)

Enhanced user alerts (Low Battery, Start Up, Program Change) — Low battery indicating signal alerts user to change batteries prior to complete battery drain.

Dynamic Feedback Canceller employs a patented technique that adapts continuously to changing circumstances while maintaining excellent sound quality. Unwanted feedback is suppressed and stopped without sacrificing sound quality or gain.

Moisture repellent Nano technology coats every aspect of the hearing product and protects much more thoroughly than alternative approaches maintaining the look, feel and functionality of the device. The result is a truly durable and invisible liquid repellent coating (inside and out).

Latest software to provide greater processing power and increased battery life.

Includes #312 Battery

Includes comfort dome fitting tips to cover a wide range of ear canal sizes.

Color: Beige

Weight: 0.1 ounce

UPC code:

Pair – 812944023799

Right Ear – 812944023805

Left Ear – 812944023812

Model Number:

P – LA-ENRICH PRO ITC PR

RE – LA-ENRICH PRO ITC RT

LE – LA-ENRICH PRO ITC LT
