Life and Luxury, Connected

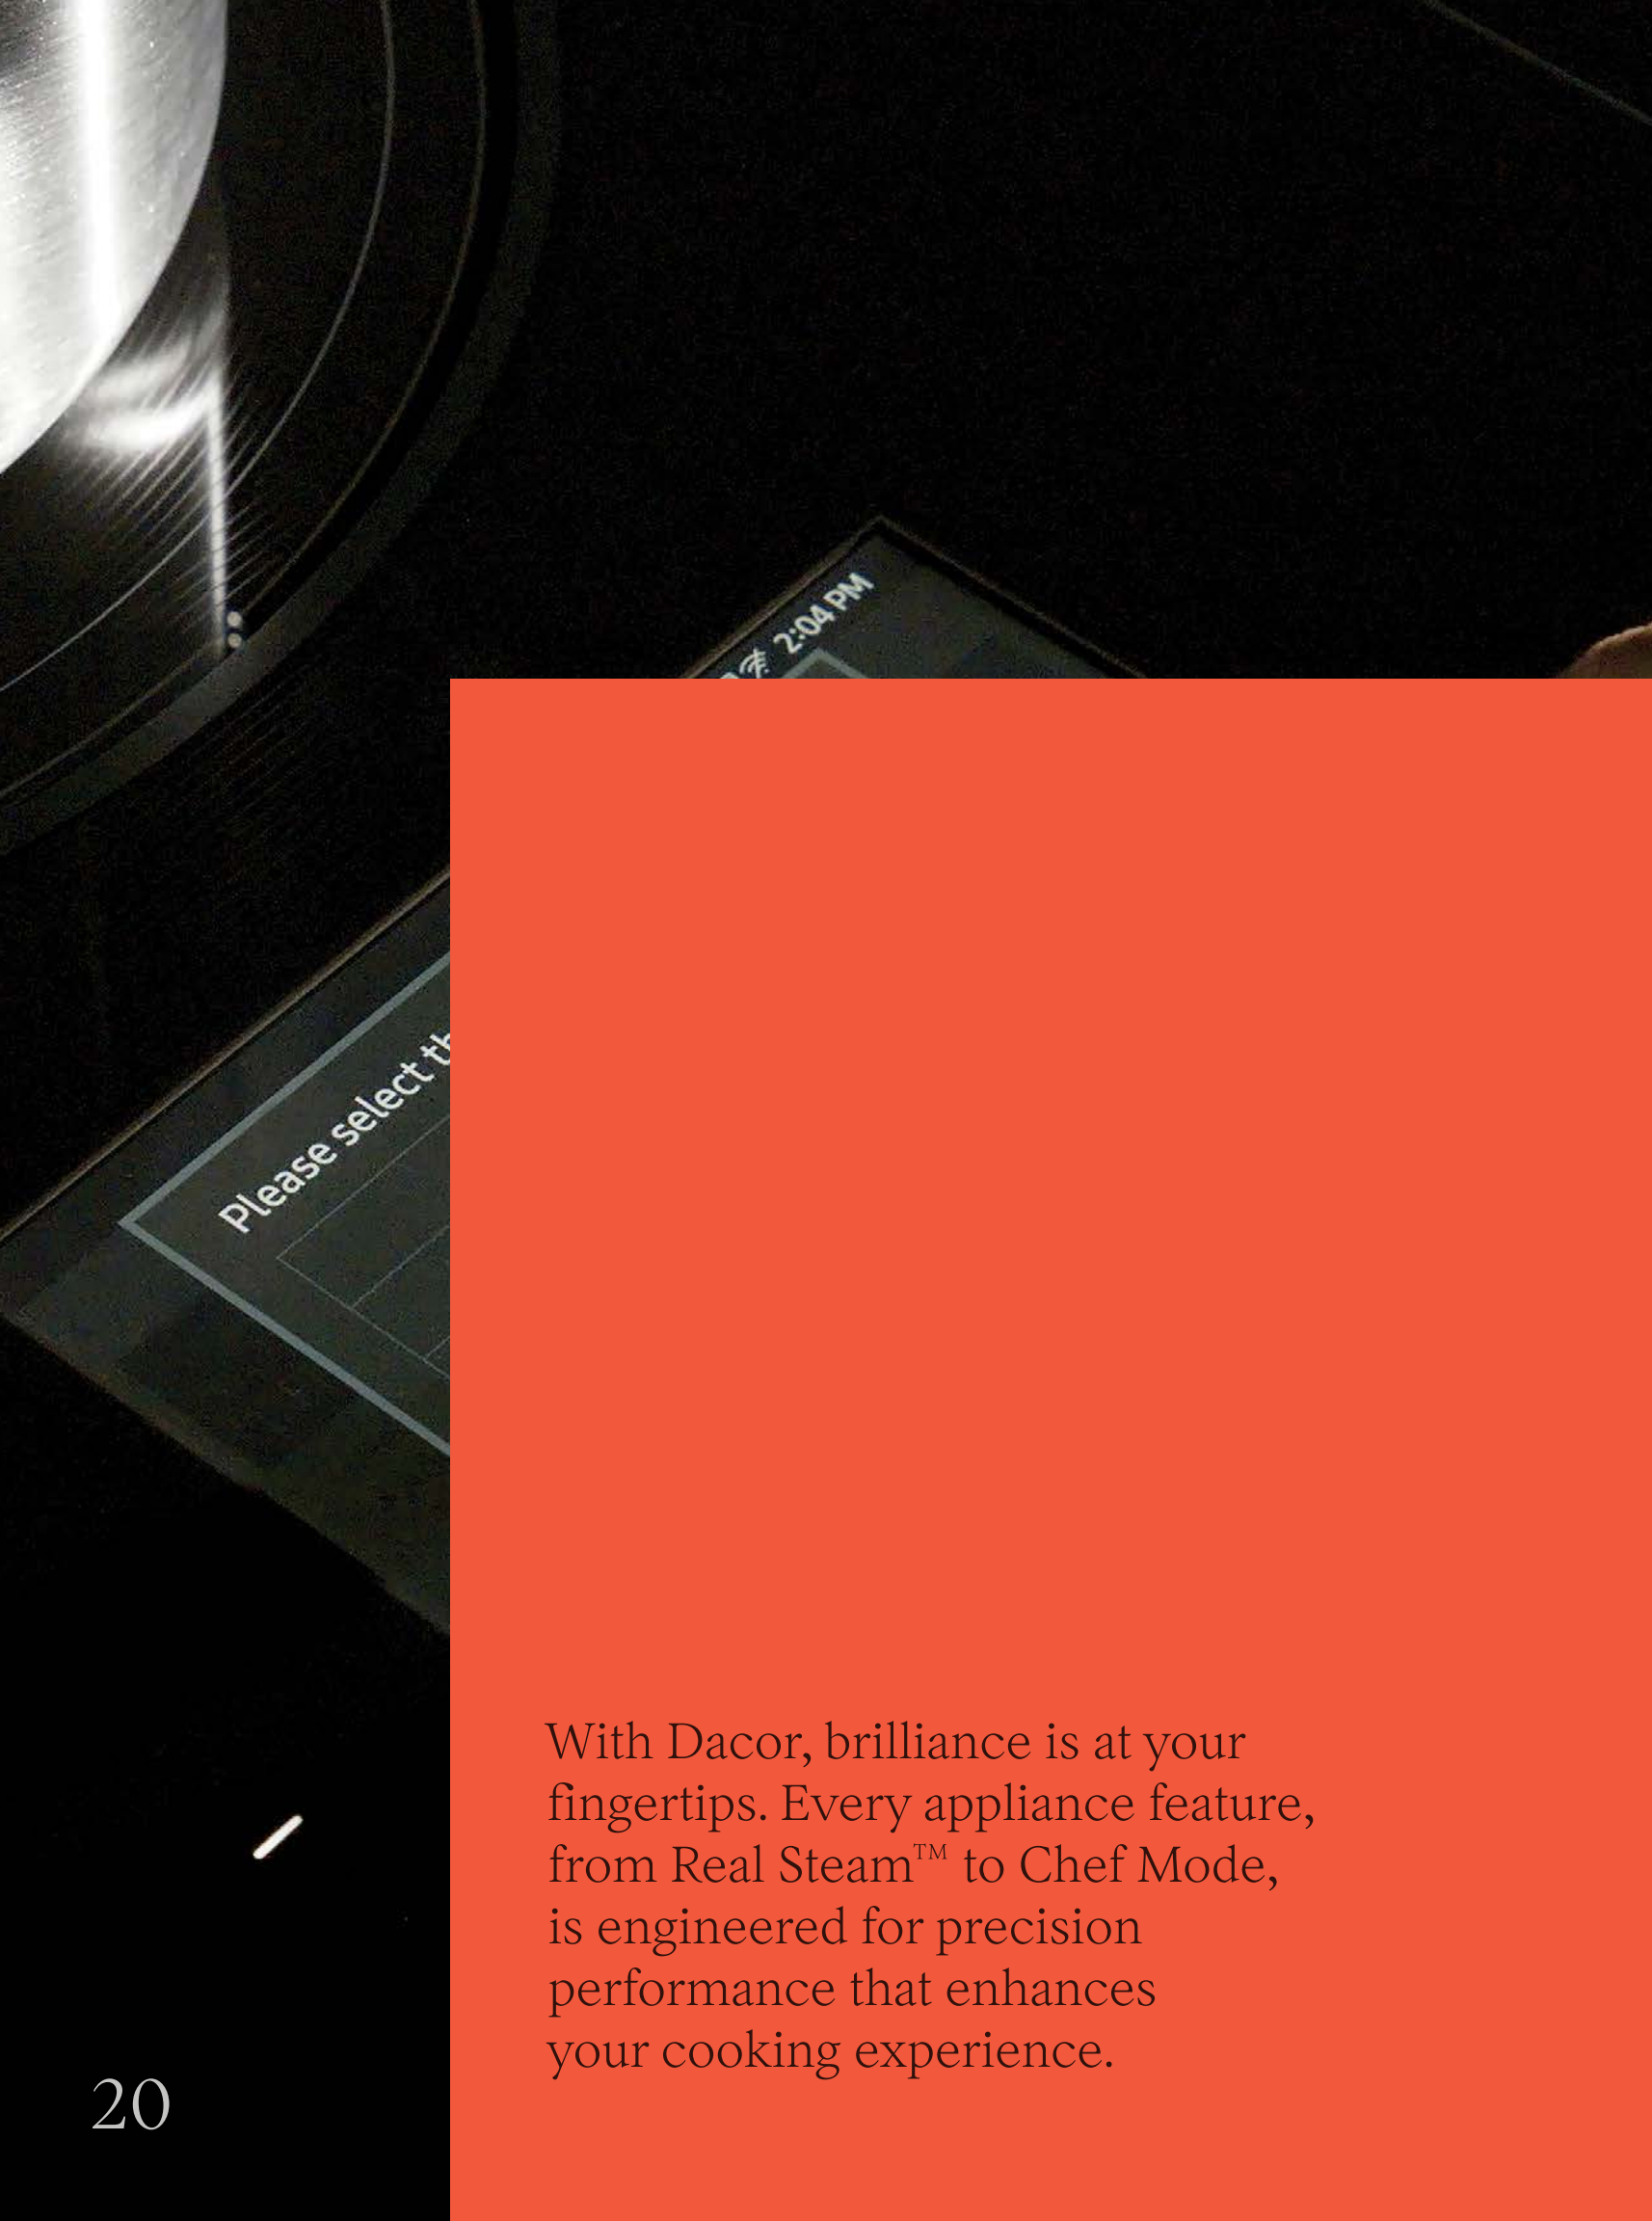

The craft of creating beautiful and effortlessly elevated experiences through design is a perpetual project – one that Dacor has integrated into their process for decades. Today, Dacor designs carry that tradition, connecting form, function, luxury materials and state-of-the-art technology to bring kitchens to life.

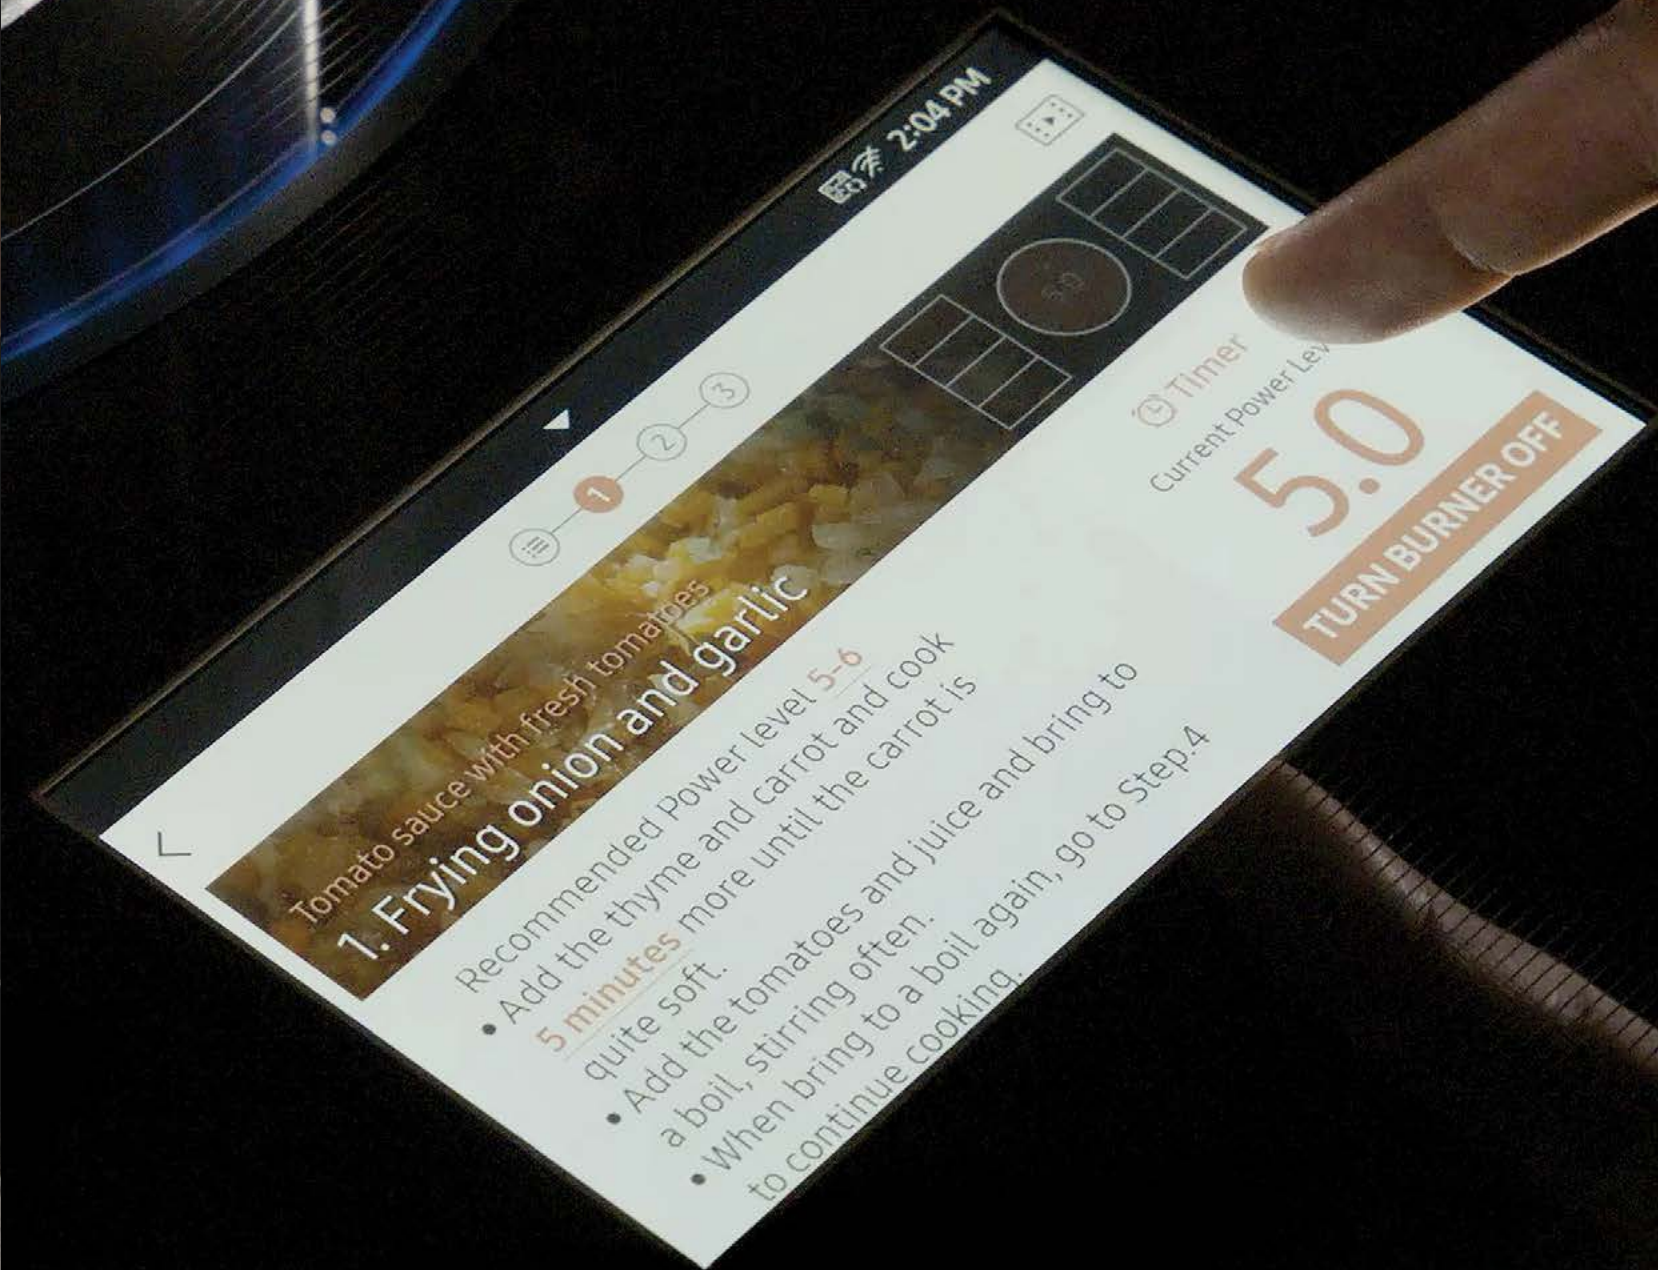

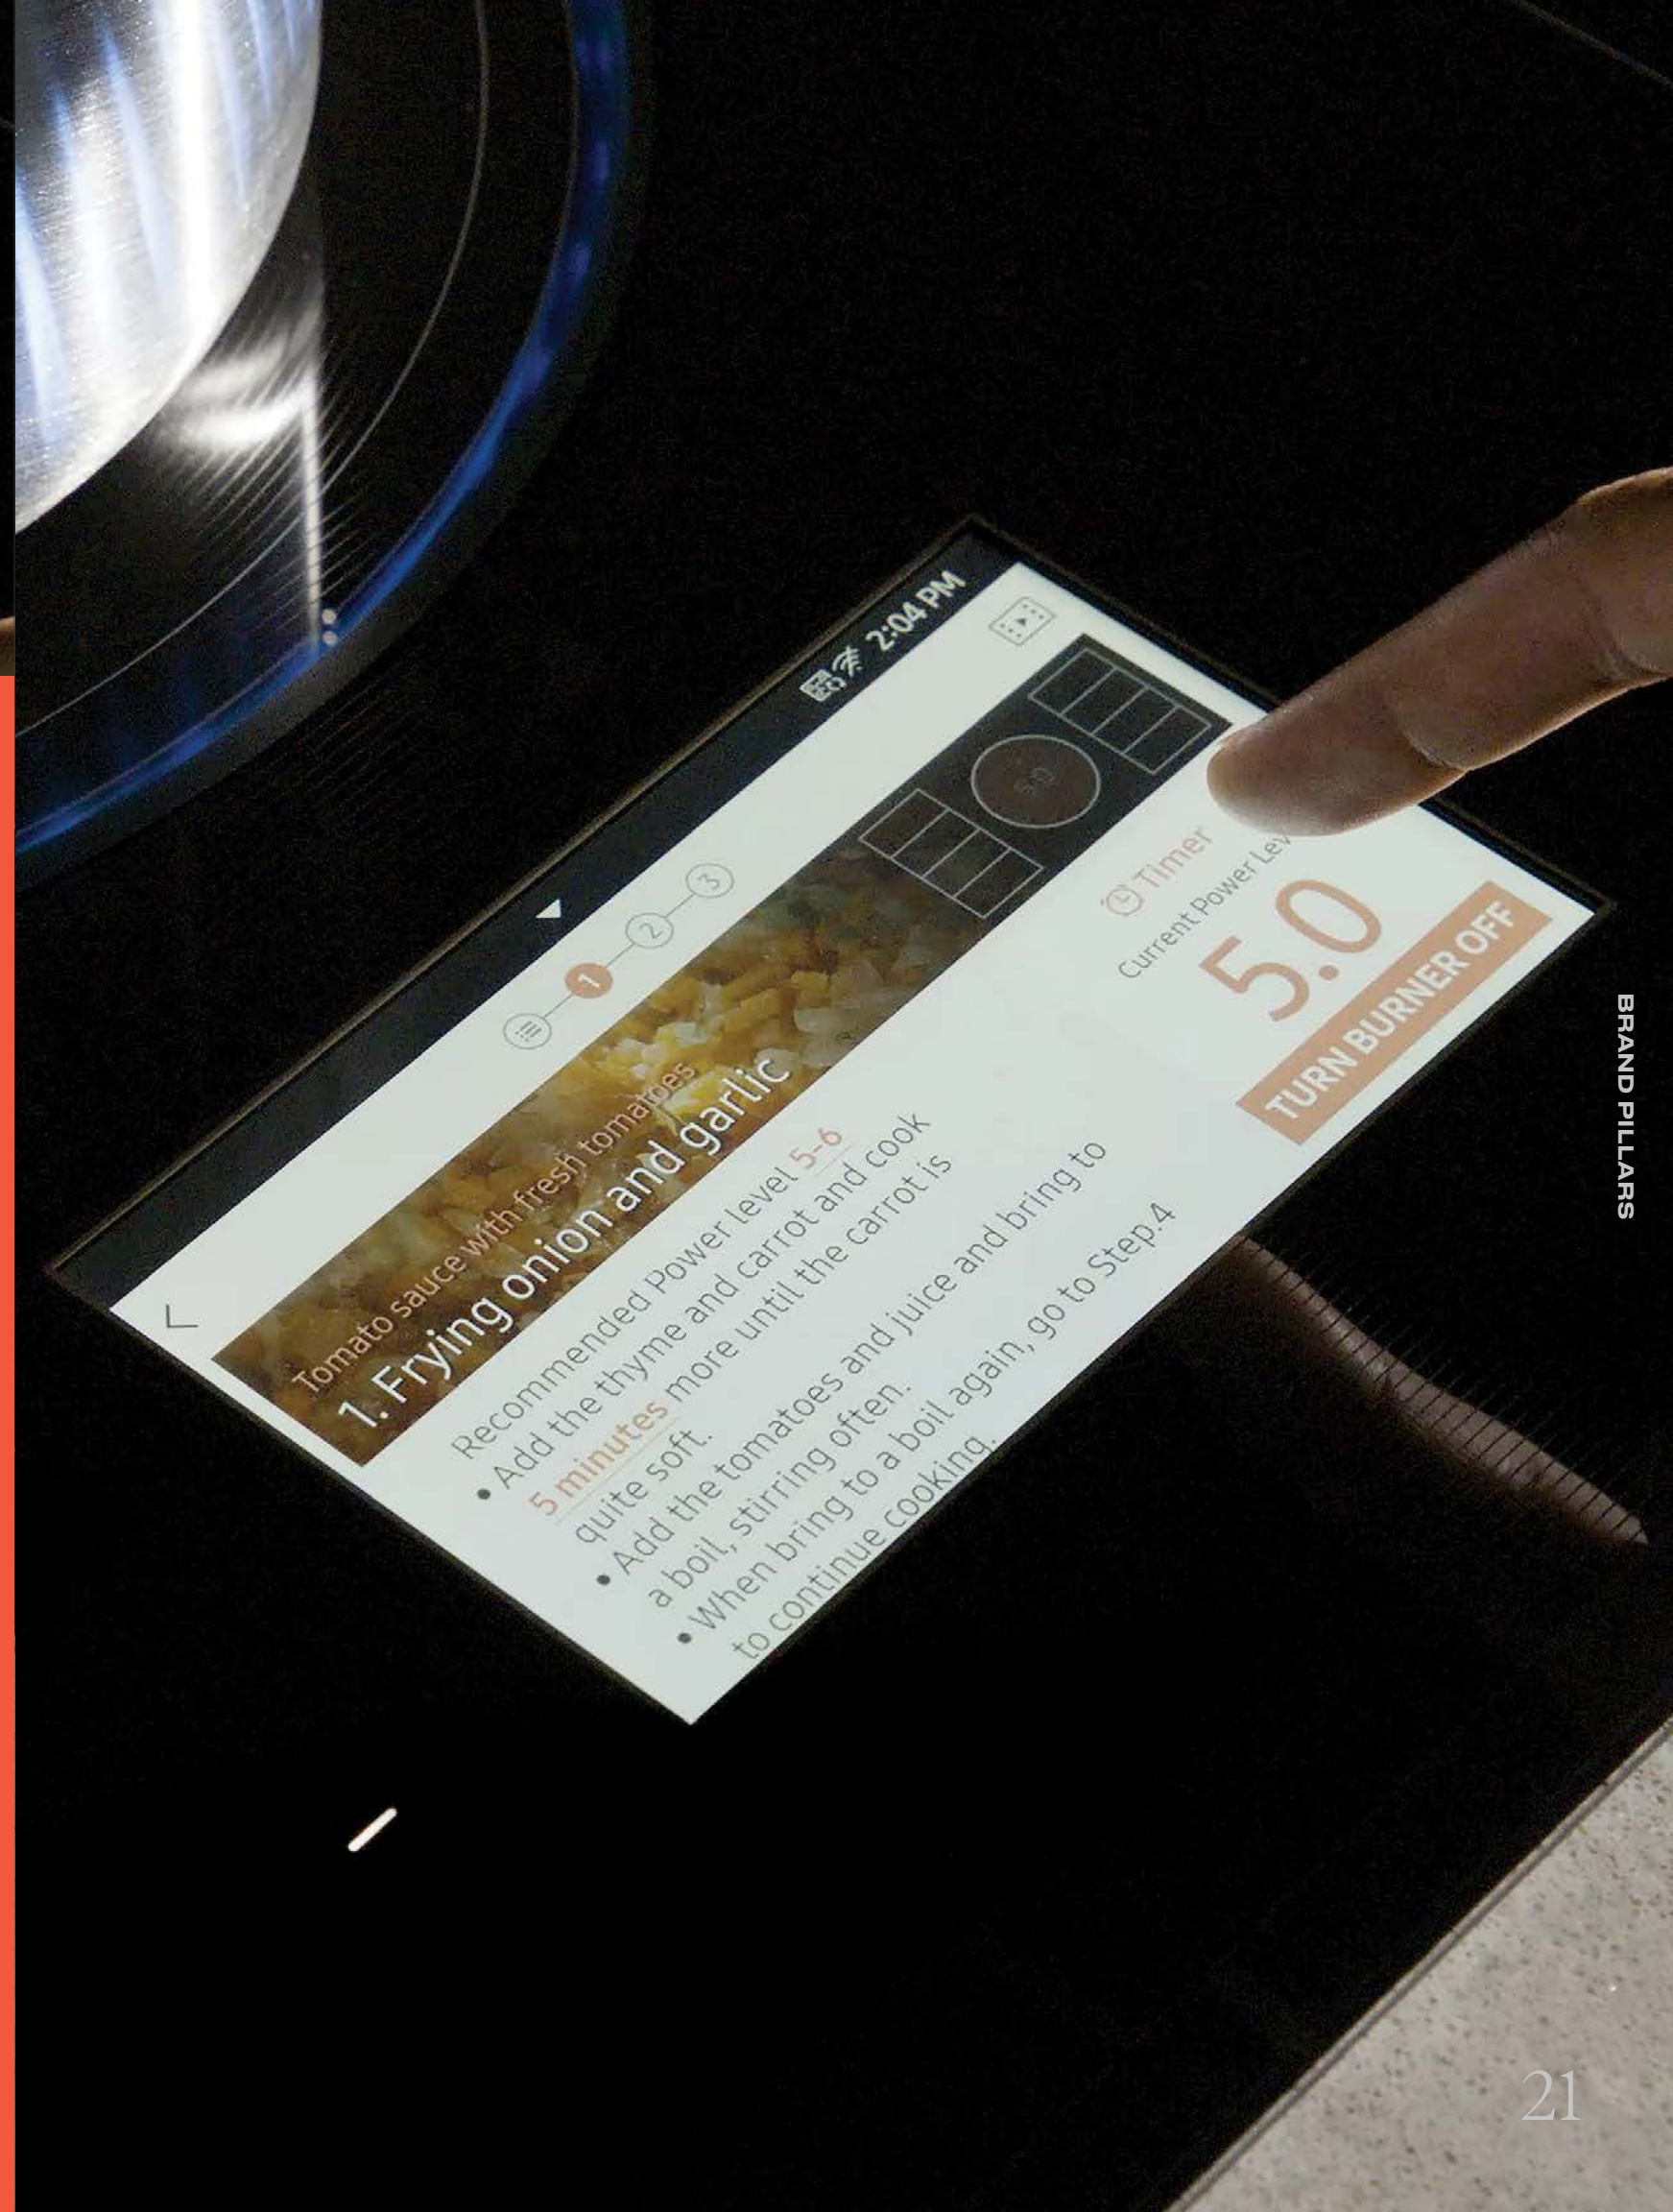

Precision Performance

Dacor designs every detail with the human experience as inspiration. Every interaction with each product is thoughtful, intending to elevate the everyday, infusing precision and joy into every touch.

With Dacor, brilliance is at your fingertips. Every appliance feature, from Real Steam™ to Chef Mode, is engineered for precision performance that enhances your cooking experience.

Tomato sauce with fresh tomatoes

1. Frying onion and garlic

- Recommended power level **5-6**
 - Add the thyme and carrot and cook **5 minutes** more until the carrot is quite soft.
 - Add the tomatoes and juice and bring to a boil, stirring often.
 - When bring to a boil again, go to Step 4 to continue cooking.

Luxury at Every Touch

A Dacor kitchen offers a version of luxury that is distinctive and unique. The entire portfolio is defined by intelligently designed handcrafted details, superior materials and intuitive innovation.

Dacor is redefining luxury through intuitive design and unmatched attention to detail that you can see and feel. Distinctive elements like Illumina™ Knobs and Push-to-Open doors make for homes that truly stand out. With Dacor, your kitchen is unlike any other.

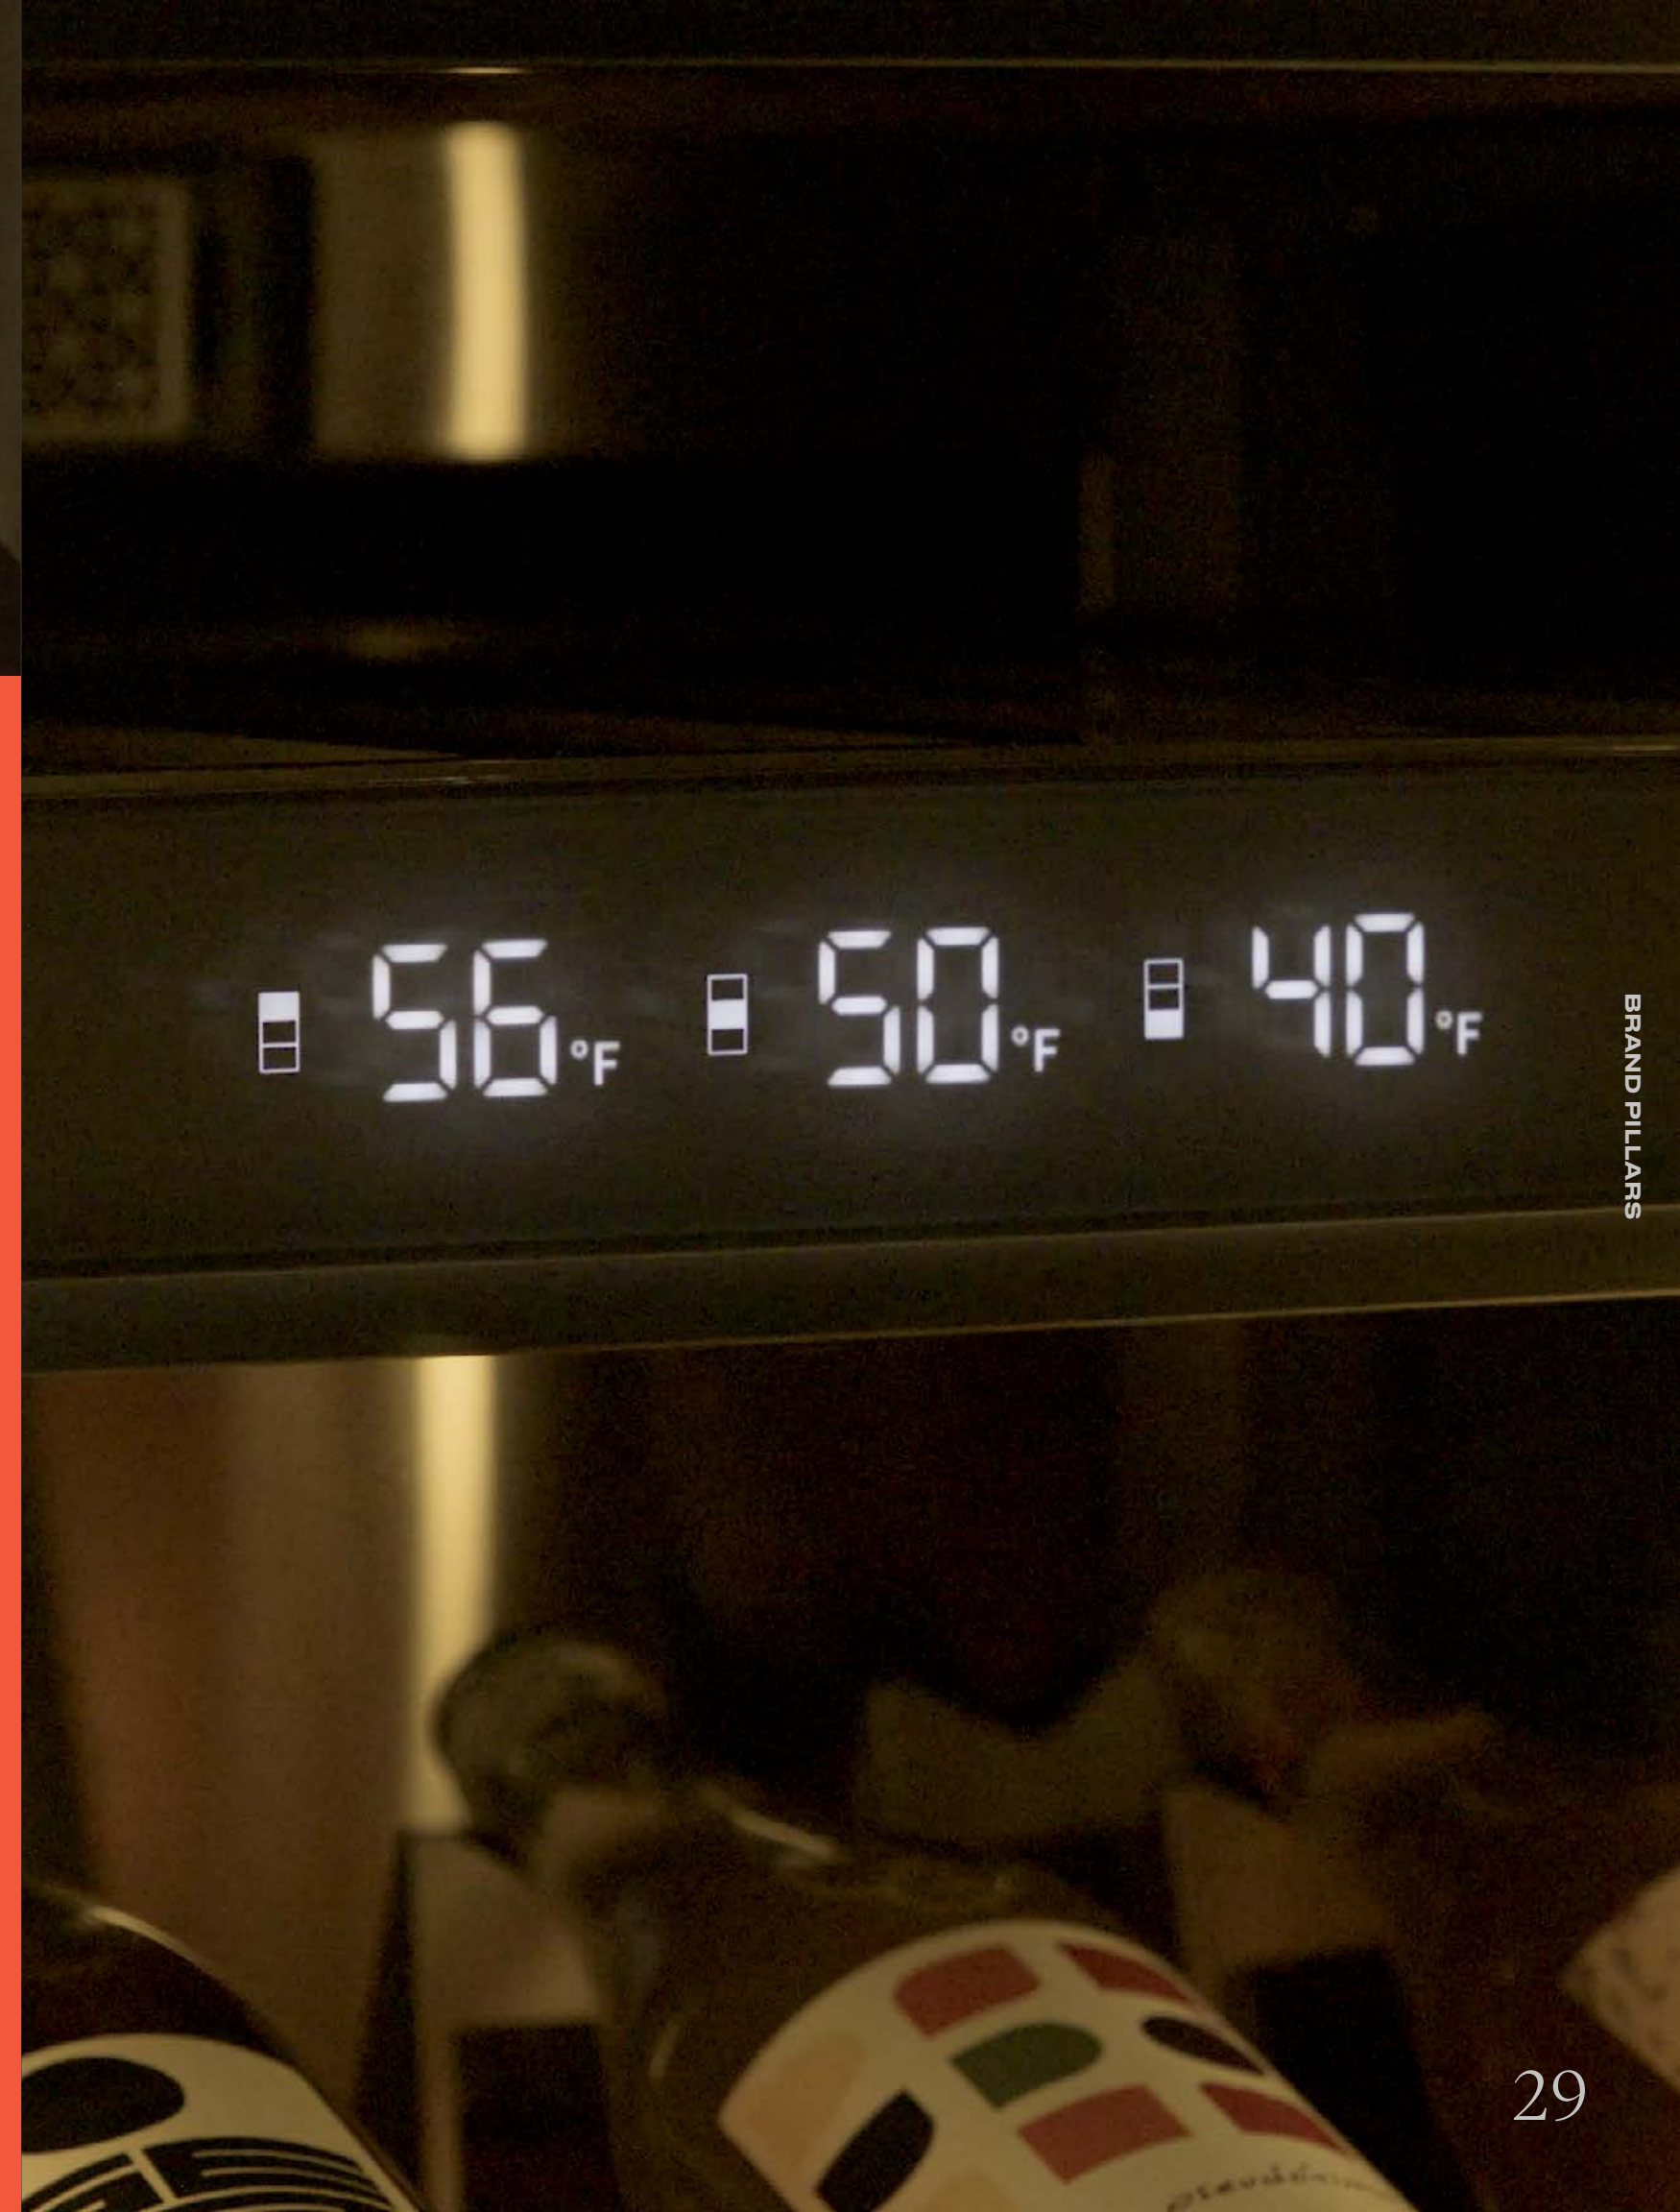

Innovation, Elevated

The infusion of technology into Dacor products is about creating a connection between you and your home – even when you're not there. From programmed menus and guided instruction, to monitoring and cooling your wine to the ideal temperature, your kitchen is much more with Dacor.

Dacor seamlessly connects you with your home. Innovative features like remote temperature sensing and LCD touchscreens give you the flexibility to manage your kitchen from wherever you are - connection that streamlines the way you live.

For your kitchen, your home, your guests
and your lifestyle; this is the best there is.

The Dacor Kitchen

Dacor’s Contemporary Collection features clean design with an emphasis on symmetry and precision. Inspired by architectural elements found in modern skylines, the collection is the essence of sophistication. It’s a design approach that effortlessly brings luxury and technology into your daily life.

Warming Drawers

When it comes to good cooking, timing is everything. And with a Dacor warming drawer, every dish is served at the exact right moment. So let the conversation continue – your food is ready when you are.

FOUR TIMER SETTINGS AND TEMPERATURE LEVELS
One-, two-, three- and four-hour settings, plus an infinite mode, help make sure every meal is perfectly timed. Four separate temperature levels make sure it's also perfectly warmed.

CUSTOM PANEL OPTION
Custom drawer panels make sure your kitchen's design is as sleek as it is useful.

Wine Storage

For Dacor, wine storage isn't just about accommodating your selection. It's also about elevating the experience of collecting, displaying and enjoying wine at home.

Wine Storage // Features

ELEVATED DESIGN

Designed with a minimal finish and the most thoughtfully selected materials, this column fully integrates into your kitchen with a push-to-open door, soft LED lighting, a triple layer of glass and a double argon-gas sealed chamber.

TRIPLE TEMPERATURE ZONES

Store any and all types of wine with three separate, temperature-controlled compartments – each with a dedicated evaporator for its zone.
