- **Lighting:** ARGB Fan Case Lighting
- **Case Enclosure:** LIAN LI PC-008 AIR Dynamic ATX Mid-Tower Gaming Case w/ Perforated Metal Front & Tempered Glass side. (Black)

Additional Product Features

- **13th Gen Intel® Core™ Processor Family:** Ascend leaderboards, create worlds, and crunch numbers—all at once.
- **NVIDIA® GeForce® RTX 4090 Graphics Card:** Experience ultra-high performance gaming, incredibly detailed virtual worlds, unprecedented productivity, and new ways to create. It's powered by the NVIDIA Ada Lovelace architecture and comes with 24 GB of G6X memory to deliver the ultimate experience for gamers and creators.
- **DDR5 memory:** Equipped with the next generation in memory, get even better performance in games compared to DDR4 modules.
- **RGB Lighting:** Software controlled addressable RGB lighting effects make it easy to personalize the case lighting for the perfect ambient lighting.

Designed With The Planet In Mind

- **California Energy Commission Certified.** Utilizes CEC approved components that meet the California emissions standards for high expandibility computers.
- **80 Plus Certified.** The more efficient a PSU is, the less heat it produces internally, and of course the lower its energy consumption. Our 80-Plus Gold PSUs provide upwards of 90% peak efficiency, produces less noise and less heat, which means less time worrying and more time gaming.
