# LIFETIME PRODUCT WARRANTY

[Peak Design Support Center](#) > [Orders, Warranty & Returns](#) > [Warranty & Returns](#)

It's our mission to make the best things. Not good, not great, but *literally the best* products in their respective categories. It is also our mission to not create any unnecessary waste.

That is why **every single Peak Design product comes with a no-hassle, no-rhetoric lifetime guarantee.** When you spend your hard-earned money on our products, you can do so with confidence that your gear will always be fully-functional and defect-free. You can also rest assured that we will do everything in our power to keep your product in use and out of a landfill.

## THE GUARANTEE

[FAST SHIPPING](#) | [LIFETIME WARRANTY](#) | [EASY RETURNS](#)

PRODUCTS   EXPLORE   SUPPORT

Note the "non-functioning or defective" part. This means that the warranty does not cover cosmetic wear that does not affect the safety or function of your product. In our opinion, a little scratch or knick here and there is nothing more than bragging rights that you've been having some fun with your gear. But if something breaks, don't worry one bit. We're behind you all the way.

Also note the "same or better condition" part. We're serious about keeping our products in use and out of the ground. When we can, we issue warranty replacements from our stock of open-box, gently used, or refurbished items. All warranty replacements are quality-checked and certified to be clean and fully-functioning, and come with the same lifetime guarantee as your original purchase.

## LIMITATIONS

We've built our reputation on building high-quality gear and offering the best customer service out there, so we're not going to nickel-and-dime you out of a warranty with a bunch of silly exceptions. The only thing we have to say is that we do reserve the right to change this policy at any time, so please don't abuse it.

## LIABILITY RELEASE

We have designed and built our products to work well with nearly all devices and accessories, and we believe our gear is very safe to use. Peak Design is not liable for damage to cameras, equipment, clothing or anything in your surrounding environment as a result of using them. Peak Design is also not liable for bodily injury to yourself or others as a result of using our stuff, so please listen to your Mother and be careful when you're
