

## How to sell the device quickly?

Coolpad Illumina™ represents the perfect combination of performance, style and affordability. It is packed with the essentials and still fits your budget. With a crisp 5" display, 5MP main and 2MP selfie cameras for capturing special moments, and the Android Go OS that provides optimized memory and performance, Illumina is the perfect choice for those seeking an impressive value at an affordable price!

## About Android™ Oreo™ (Go edition)

With smaller app sizes, more storage space, and way more control over how your content is stored, it's easy to see the ways Android Oreo (Go edition) helps you save.

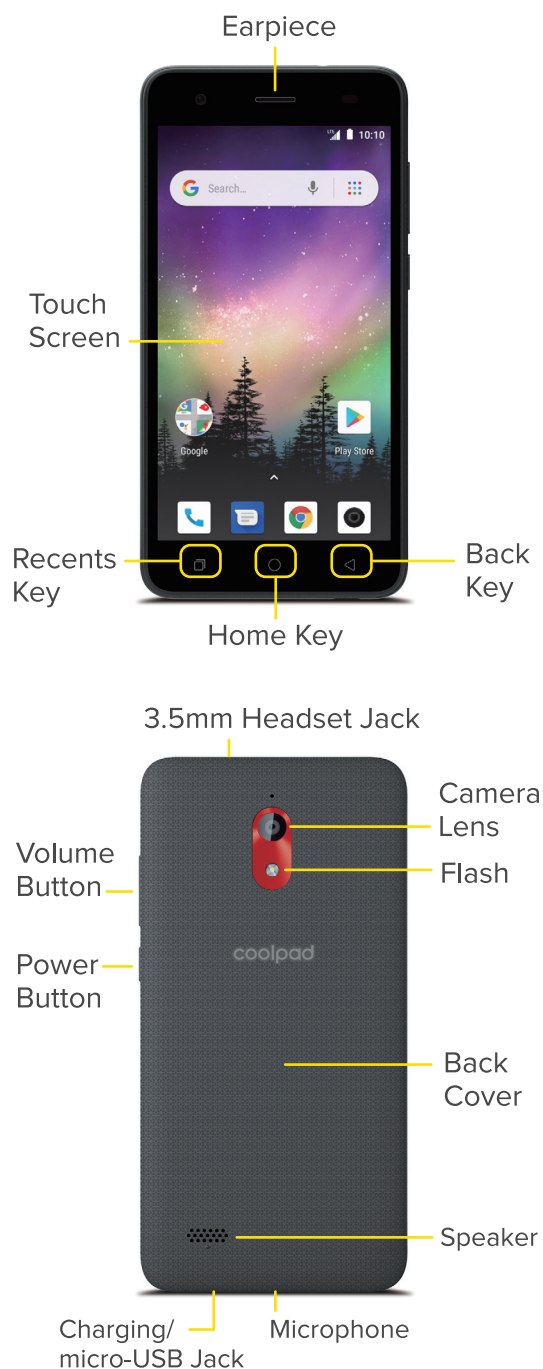

- Get up to 2x more available storage out of the box with fewer pre-installed and much lighter apps.
- Built to use less. Brand new apps designed for lighter updates and downloads, create more space while significantly improving performance.

**Illumina is the perfect choice for those seeking an impressive value at an affordable price!**

The image shows a black Coolpad Illumina smartphone. Yellow lines connect various features of the phone to descriptive text blocks. The back of the phone is visible on the left, showing the 'coolpad' logo and a red camera lens. The front of the phone is visible on the right, showing the 5-inch display with a search bar, Google and Play Store icons, and a dock with Phone, Messages, Chrome, and Camera icons. The bottom of the phone shows the Android navigation bar.

-  Take crisp photos with the **5MP rear** facing camera and snap awesome selfies with the **2MP front** facing camera
-  The **5" display** provides a rich viewing experience for you to watch videos and play games.
-  The lightweight **Android Go OS** delivers an optimized experience with more memory for you to store photos, videos and apps.
-  The fast **quad-core processor** and **2150mAh** battery keeps you powered throughout the day.
