weBoost

It's never been easier to solve weak cell signal inside a home.

Reliable cellular connectivity at home just got easier with **weBoost Installed Home Complete**; the first product made for the residential market to include professional installation at any address in any U.S. zip code.

PROFESSIONAL INSTALLATION INCLUDED

weBoost Installed | Home Complete is the turnkey residential solution for fixing bad cell signal coverage for good, here's why:

- Leaves all the installation work to a nationwide network of licensed, insured, and certified professionals.
- Recognized as an award-winning product, the weBoost Installed | Home Complete won the coveted 2020 CES Innovation Award and the Gold Edison Award for Innovation.
- Works on every network and with all U.S. carriers; including Verizon, AT&T, Sprint, T-Mobile, Straight Talk, and U.S. Cellular.
- Works on all phones and cellular-connected devices.
- Boosts all available network speeds to provide reliable cellular connectivity indoors for multiple users and devices; resulting in fewer dropped calls, uninterrupted texts, better voice quality, improved hotspot capability, faster internet speeds, better streaming and more.
- Meets all FCC guidelines and won't interrupt or harm any cell carriers' signals to and from the cell tower.
- Is backed by a 2-year manufacturer's and a 30-day money-back by weBoost.

KEY FEATURES

weBoost Installed | Home Complete is 5G ready and will continue to improve cell signal beyond the next decade.

5G READY
to boost cell signal on all U.S. carrier networks

After purchase, installation can be scheduled for a date and two-hour window that's most convenient for your customers (often, as soon as the next day.)

By taking before-and-after signal readings at each home, installers easily demonstrate improvements in indoor cell coverage to guarantee customer satisfaction upon signoff.

The weBoost Installed | Home Complete is powerful enough to reach distant cell towers and broadcast its amplified signal for max coverage inside a home.

Available for install anywhere in the U.S., the weBoost Installed | Home Complete solves problems with weak cell signal wherever your customers live.

weBoost Installed | Home Complete Cell Signal Booster (474445)
