

Captain Pro

Connected Laser Rangefinder – “The Ultimate Shot Caller”

Short Description

Captain Pro delivers the most advanced connected rangefinder experience in the Blue Tees lineup. Combining precision laser distance measurement with Bluetooth connectivity, it pairs with the Blue Tees GAME app to unlock GPS yardages, AI-powered club recommendations, and True Distance™ environmental adjustments across 42,000+ courses. With a multi-color OLED display, programmable LED action button, and enhanced optics, Captain Pro brings next-generation intelligence to every round.

Key Highlights

- Laser Distance Measurement up to 1200 yards
- Full-Color OLED Display with adjustable brightness
- Programmable LED Action Button for quick feature control
- Advanced Target Lock with Vibration Confirmation
- Find My Rangefinder Location Tracking
- GPS Distances for 42,000+ Courses via Bluetooth
- True Distance™ Environmental Yardage Adjustments
- AI-Powered Club Recommendations
- Tournament-Ready Slope Control via LED Button
- Magnetic Cart Mount

Product Positioning

Captain Pro is the **premium connected rangefinder** in the Blue Tees lineup.

Designed for golfers who want the most advanced on-course technology, Captain Pro combines high-performance laser distance measurement with Bluetooth-powered course intelligence through the Blue Tees GAME app.

With enhanced optics, a full-color OLED display, and a programmable LED action button for quick access to key features, Captain Pro delivers the most advanced and customizable connected rangefinder experience available from Blue Tees.

Category:

Laser Rangefinder

Subcategory:

Part of the Blue Tees Connected Ecosystem

Blue Tees products are designed to work together — connecting practice, play, and performance data across devices and apps.

Captain Air pairs with the **Blue Tees GAME app** to unlock full course intelligence, shot tracking, and advanced performance insights. When used alongside other Blue Tees products like Rainmaker launch monitor and Player Pro GPS speaker, golfers can build a fully connected experience that truly carries their insights from practice to the course.

Connected Distance Measuring Device
(DMD)

Long Description

Captain Pro represents the most advanced connected rangefinder experience from Blue Tees.

Designed from the ground-up with new form factor, Captain Pro combines high-precision laser distance measurement with Bluetooth connectivity that unlocks a smarter on-course experience. When paired with the Blue Tees GAME app, golfers gain access to front, center, and back GPS yardages across more than 42,000 courses, AI-powered club recommendations, and advanced True Distance™ adjustments that account for slope, wind, elevation, temperature, and humidity.

Captain Pro introduces several premium hardware upgrades designed to elevate the on-course experience. A multi-color OLED display provides exceptional clarity and visibility in all lighting conditions, while the programmable LED action button allows golfers to quickly access key features directly from the device.

With enhanced optics delivering 7X magnification and up to 1200 yards of range, an IP67 waterproof rating, and up to 10 hours of battery life via USB-C charging, Captain Pro delivers elite performance in a durable, modern design.

As part of the Blue Tees connected ecosystem, Captain Pro seamlessly integrates course data, performance insights, and connected devices into one unified golf experience.

Product Features

Optics

- Multi-Color Crystal Clear OLED Display
- 7X Magnification
- 1200 Yard Range w/ Pinpoint Accuracy
- Quick Target Lock with Vibration
- Brightness Adjustment for All Conditions

Construction

- Programmable LED Action Button
- Tournament-Ready Slope Toggle
- IP67 Weatherproof Rating
- Magnetic Cart Mount
- Rechargeable USB-C Battery
- Up to 10 Rounds Battery Life

Intelligence

- Find My Rangefinder Recovery
- GPS Yardages & Hole Data for 42,000+ Courses
- True Distance™ Yardage Adjustments (Slope, Wind, Humidity, Temperature, Elevation)
- AI-Powered Club Recommendations
- Shot Tracking & ActiveTrack™ Location Pin Dropping for Advanced Post-Round Analytics
