R3 Radar Detector

Extreme Long Range Radar/Laser Detector

The R3 by Uniden provides the same, record shattering performance of the R1, with the additional power of GPS for red light camera protection and the ability to mark and ignore fixed false alerts. The R3 also has the best K Band filter on the market, offering the least amount of false alerts from blind spot monitors and K Band sensors in other vehicles. When you need the most relevant information possible, the Uniden R3 puts you miles ahead.
