

Kasa Smart Wi-Fi Power Strip, 6-Outlet

HS300

Individual Control

Remote Control

Scheduling

Surge Protection

Energy Monitoring

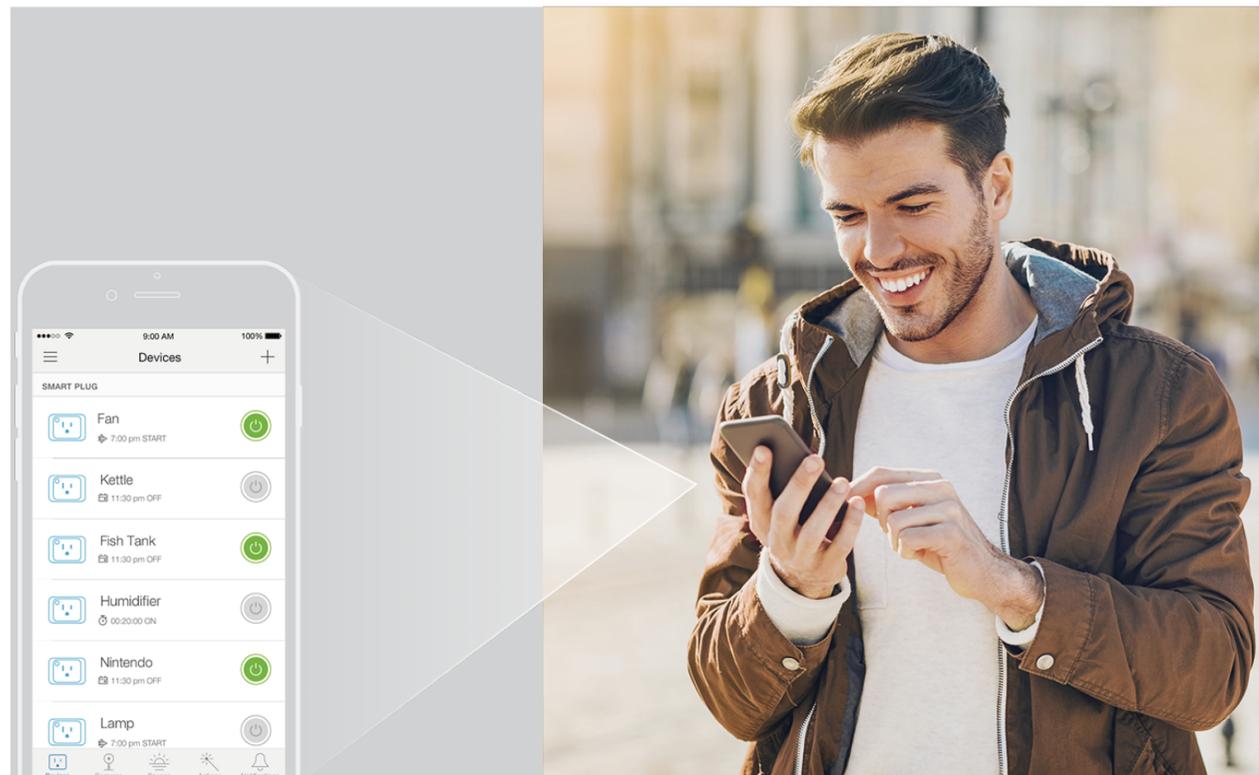

No Hub Required

Highlights

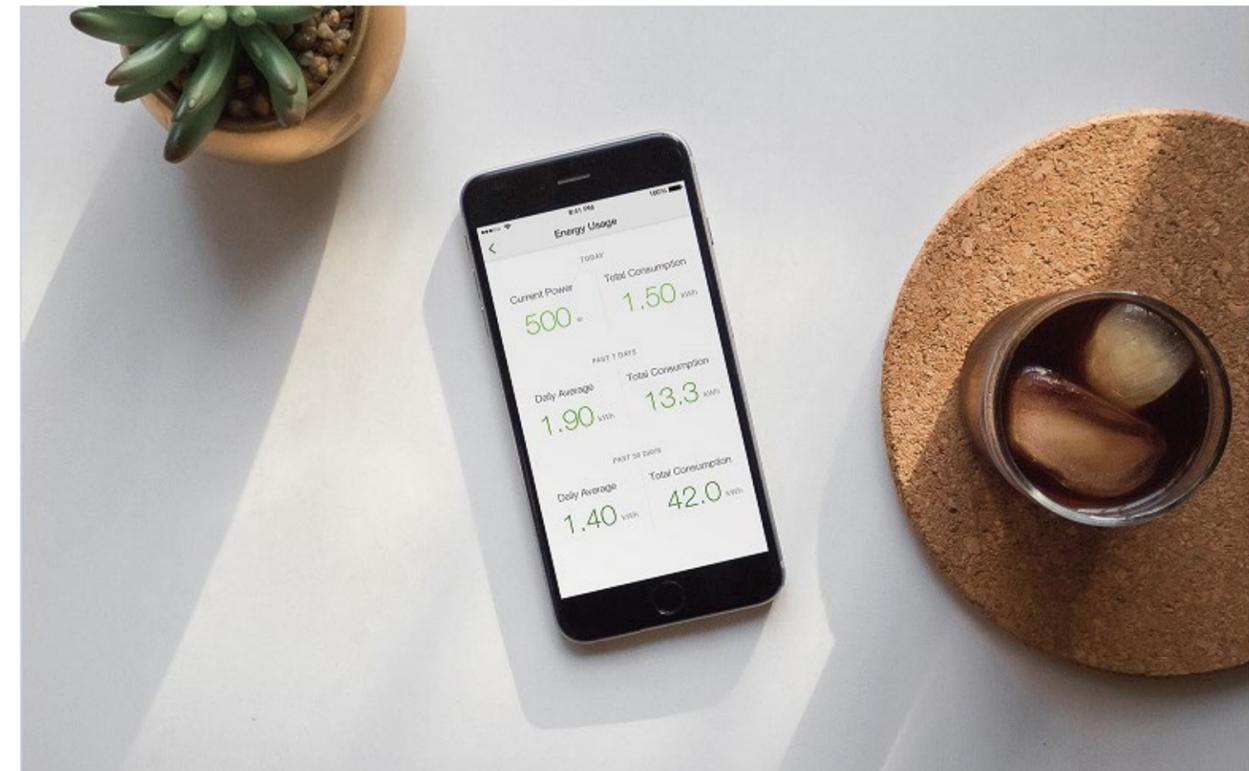

Control from Anywhere

With independent control of 6 smart outlets and always-on USB ports to charge 3 others, the Kasa Smart Wi-Fi Power Strip is ideal for family rooms, home offices or small businesses. And of course with the Kasa app, you can easily and individually control your outlets anytime, anywhere.

Monitor and Protect

Kasa Smart Wi-Fi Power Strip monitors how much energy devices consume and protects them from sudden power surge that occur during weather storms, such as lightning and rain.

Better Together

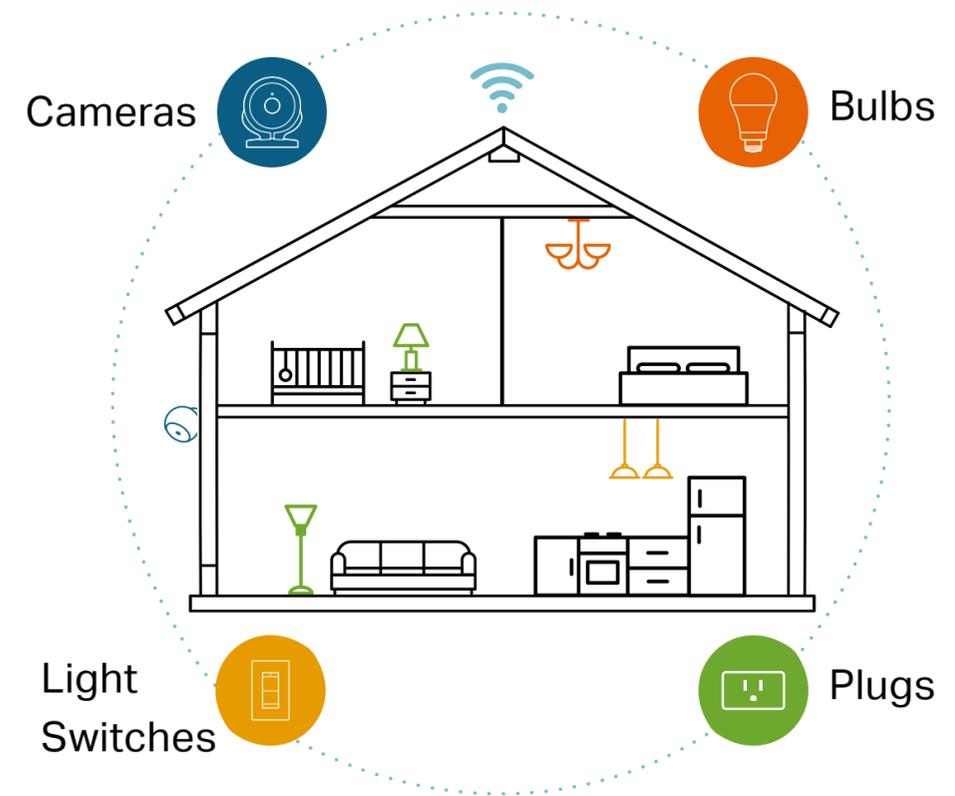

Hands-free Voice Control

Connect your device with simple voice command and an Amazon Alexa, Google Assistant or Microsoft Cortana.

Your Home. One App.

With the Kasa Smart app, you can easily access and control smart plugs, cameras, light switches, bulbs and more. Checking in on your home is only a few taps away.

Features

Easy to Install

- Guided Installation – Kasa app provides step-by-step instructions to set up your smart power strip.
- No Hub Required – Easily connect directly to your secured home Wi-Fi network.
- Space-Saving Design – Designed to leave other outlets free and fit perfectly behind furniture and in tight spaces.

Ease of Use

- Remote Control – Individually control 6 smart outlets from anywhere with the free Kasa app.
- Scheduling – Set a schedule to automatically turn devices on and off throughout the day or night while you're home or away.
- Energy Monitoring – Monitor energy consumption of devices plugged into your power strip.
- Surge Protection – ETL certified surge protection shields electronics from power surges and overloading.
- 3 USB Ports – Charge your tablet, smartphone, or other devices using the always-on USB ports.

Compatibility

- Works with Voice Assistants – Control devices using the leading voice assistants such as Amazon Alexa, Google Assistant, and Microsoft Cortana.
- Works with IFTTT – Set interactions between a wide array of devices, software, and services using IFTTT.
- Compatible with Android, iOS – The free Kasa app lets you run smart strip from any Android (4.4 and higher) or iOS (iOS 10 and higher) devices.
