

Night Owl Add-on Wired 4K UHD IP Camera w/ Audio

Features:

- 1 4K Ultra HD Wired Indoor/Outdoor IP Bullet Camera w/ Audio
- L² Color Boost Technology™
- Rapid Image Detection Technology™ (RID)
- Requires IH8.0 Series NVR
- Cable Not Included. Requires a Cat-5e (Ethernet) cable to function.

System Overview

Introducing Night Owl's Add-on 4K Ultra HD Wired IP Camera with L² Color Boost Technology™ and Rapid Image Detection Technology™ (RID). This IP based video security camera is ideal for protecting and monitoring your home or business. The camera is sold as an add-on and requires our IH8.0 Series NVR. The camera produces mind-blowing 4K Ultra HD video and continues recording in full color in low-light settings. As light fades, the camera records in full color utilizing our L² Color Boost Technology™, only switching to Night Vision when necessary. Using Rapid Image Detection Technology™ (RID), this intelligent camera minimizes false alerts by distinguishing true threats from non-threats like rain, wind, and bugs. Whenever real motion events are detected, the camera will immediately send push alerts to your Smart Device. With Night Owl's free and exclusive App, you can easily view your camera from anywhere in the world!

System Includes

- 1 x 4K Wired IP Camera
- 3 x Mounting Hardware and Screws
- 1 x Waterproof Cable Cover
- 1 x Support Material Packet
- 3 x Night Owl Security Stickers

System Features

The 4K Experience

View your world in 4K! Night Owl's Ultra HD Wired IP camera provides the stunning image quality you crave. With this extreme resolution, you will see intricate details with superior clarity and detect threats with precision.

- 8MP (4K) resolution (3840 pixels x 2160 pixels)
- Four times the resolution of standard 1080p
- Stunning video quality with sharp definitive lines
- More pixels mean more information to produce detailed images

L² Color Boost Technology™ with 100 Ft. of Night Vision

Hold off the darkness! With Night Owl's L² Color Boost Technology™ your camera will continue recording in full color as light fades to darkness.

- Captures full color video in low-light settings
- Low-light (L²) sensors produce detailed full color video even as light fades away
- 100 Ft. of rich and detailed Night Vision
- Only switches to Night Vision if necessary

Rapid Image Detection Technology™ (RID)

Rapid Image Detection Technology™ uses an advanced algorithm to distinguish non-threats like weather and insects from true threats like people, animals, and vehicles. This technology allows future software updates to increase the camera's intelligence and enhance its performance.

- Auto-learning technology with Intelligent Video Analytics
- Rapidly interprets data to distinguish threats from non-threats
- RID yourself of pointless false alerts
- Reduces false recordings

Audio Enabled

Each 4K Ultra HD wired camera is audio enabled. Capture the most important sights and sounds around your home or business.

- Pairing both audio and video creates detailed recordings
- Picks up audio around the camera
- Built-in microphone produces clear audio
- Extra layer of security

Weatherproof 4K Ultra HD Wired Indoor/Outdoor IP Camera

Keep an eye on your world both indoors and outdoors. This flexibility provides your property with the coverage it needs.

- Weatherproofed to withstand moisture and dirt debris
- Equipped with a 3-axis vandal-proof mounting bracket
- Cold climate capable down to -22°F
- Super strong housing

1 Year Manufacturer's Warranty

Warranties are intended to protect the consumer against product defects. Your warranty will help ensure your product is there when you need it most.

- Receive a 1-year Manufacturer's Warranty
- Night Owl's "EZ" return process makes navigating a warranty claim simple
