TRIP THROUGH TIME LAND

Have you ever wished you could take your students back in time? Now you can walk with the dinosaurs, visit Ancient Greece and experience the trenches.

SUPER SCIENCE LAND

Visit Super Science Land and meet amazing animals in their habitats, take a trip through our incredible human body and find out all about materials and properties.

ENGAGING EARTH LAND

Explore our remarkable planet from pole to pole. Delve into Earth's beautiful biomes and experience some of its most extreme climates like never before.

LITERACY LAND

Take your students on a journey through some of the world's best known authors & stories. Let them walk through key locations in their most famous works.

ENGAGING CURRICULUM RESOURCES

Each virtual reality land comes with a comprehensive set of educational resources to ensure you're getting the most out of every lesson.

Each learning zone and scene incorporates detailed subject information, 3D AR models, 360 images and videos to provide context to the student before exploration begins.

TEACHER REPORTING & ASSESSMENT

Avanti's World also includes a comprehensive set of reporting and assessment tools designed specifically to save teachers' time.

As students work through the educational activities and quizzes, their progress and attainment are tracked and recorded. All from a simple-to-use web-interface, teachers can easily identify areas where students may need further support or assistance and can create additional lesson plans as appropriate.

COLLABORATE FROM ANYWHERE

With Avanti's World it doesn't matter where your students are, or what device they have access to, you can collaborate and teach with unparalleled ease. From the classroom or remotely accessed, every model of teaching and learning can be supported. Bring your students together for a guided teacher-controlled session, let them roam free in the theme park to discover and learn at their own pace or allow students to explore collaboratively in groups, the choice is yours.
