

VT-36 TS Touch Screen Wine & Beverage Cooler

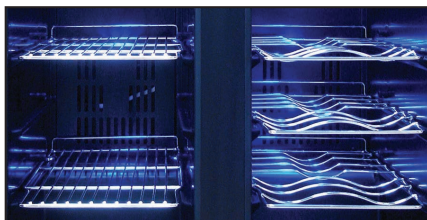

The VT-36TS is perfect for those who love to entertain. This sleek all-black cooler can house up to 19 standard wine bottles on the right side and 58 12 oz. cans on the left side. Front exhaust allows this cooler to fit seamlessly into existing cabinetry, lending a modern touch to any room. Touch screen control panels located at the top of each door allow you to monitor the temperature as well as adjust the temperature as needed.
