

Sunpak

GripPod

Highlights

The Sunpak GripPod Tripod's legs are designed to securely wrap around just about any suitable support to give your photos a fresh perspective. Its bendable aluminum core legs with thermoplastic elastomer covering grip tightly and will not slip when properly wrapped around most smooth, dry surfaces. To get the perfect shot, the GripPod incorporates a true ball head to get the best shot anytime and anywhere. Or use the GripPod as a tabletop tripod tool! It supports up to 2.6 lb.
