WARRANTY / GUARANTEE INFORMATION
1 Year Limited Warranty against defects in material and workmanship caused by the manufacturer. For more information, please contact the manufacturer at 855-569-6595, or via mail to: N. Scottsdale Road, Suite H300, Scottsdale, Arizona 85254. Please include your full name, product information, and contact information.

LIMITED WARRANTY
Warranty: Universal Electronics Inc. warrants this product to be free from defects in material and workmanship for a period of one year from the date of purchase. This warranty does not apply to damage caused by accident, abuse, misuse, misapplication, or failure to follow instructions or as a result of any unauthorized modification only to the original buyer, and is and shall be in lieu of any and all other warranties, conditions, and liabilities on the part of Universal Electronics Inc. for, nor authorizes any other person purporting to act on its behalf to modify or assume for it any other warranty or liability concerning this product. Electronics Inc. under all circumstances for any warranty issue shall be limited to the product. It is recommended that the customer check their equipment on a regular basis.

Remedies: Your exclusive remedy under this Limited Warranty is that Universal Electronics Inc. will, at its option, repair or replace, without charge for parts and/or labor, the product found to be defective. To obtain warranty service, visit www.oneforall.com/warranty, your full name, contact information, product serial number, and description of the problem, and a clear image of your sales receipt showing date of purchase.

Disclaimer: THE FOREGOING LIMITED WARRANTY IS THE SOLE AND EXCLUSIVE WARRANTY OF UNIVERSAL ELECTRONICS INC. WITH RESPECT TO THE PRODUCTS. THERE ARE NO OTHER WARRANTIES, EXPRESS OR IMPLIED, EXCEPT AS REQUIRED BY APPLICABLE LAW. ANY IMPLIED WARRANTIES, INCLUDING BUT NOT LIMITED TO WARRANTY OF MERCHANTABILITY, ARE LIMITED IN DURATION TO THE WARRANTY PERIOD PROVIDED HEREIN. SOME STATES DO NOT ALLOW THE EXCLUSION OR LIMITATION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES, SO THE ABOVE LIMITATIONS MAY NOT APPLY TO YOU.

Reception quality and the numbers of channels received are dependent on the location of the antenna, the type of antenna, the broadcast tower, broadcast power, line of sight, terrain, metal construction in the area, and other factors.

LEGAL NOTICES
FCC STATEMENT:
This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against interference with other radio communications. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference with radio communications. However, there is no guarantee that interference will not occur in a particular installation. If interference should occur, the user is encouraged to try to correct the interference by one or more of the following measures:
- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.
This device complies with part 15 of the FCC Rules. Operation is subject to the following conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference that may cause undesired operation.
Caution: Changes or modifications not expressly approved by the party responsible for compliance with the user's authority to operate the equipment.

1

Connect the coaxial cable attached to the ANTENNA IN connector at the back of the TV or set-top box.

Ahora conecte el cable coaxial adjunto a la entrada ANTENNA IN al reverso de su televisor o decodificador.

MOUNTED

FLAT

OR

II

IMPORTANT!

Now you can perform a channel scan on your TV. Set the **tuner mode** of the TV to **ANTENNA** first, then choose **CHANNEL SCAN** (may be called AUTO PROGRAM, AUTO TUNING, AUTO SCAN or CHANNEL SEARCH in the setup menu of your TV).

If the number of channels or the quality is poor, please change the antenna's position and repeat step I + II + III and RE-SCAN on your TV.

II

III

In order to improve the reception performance for a different position of the antenna by moving the TV to a different window and facing the direction of the TV to the window.

IV

You can also rotate the antenna while lying down in order to improve reception even without tuning.

IMPORTANT!

Remember to perform a **RE-SCAN** on your TV. When you rotate the antenna you have to perform a **CHANNEL SCAN**.
