### **Paragraph Description:**

For the easiest way to keep a clean workspace and still get the power you need, the 90° Angle Folding Desk Charger by tzumi does the job like no other. This extremely sleek, compact charger folds to any angle and will house any size phone with screens up to 5.5", delivering the ultimate charging convenience without the need for extra wires. At less than 0.5" thick and only 5" long, the rubberized 90° Angle Folding Desk Charger will fit in any pocket or small purse and makes the perfect companion when you want to create your own mobile workstation. It can lie flat as a charging pad or adjust to any viewing angle to allow the most efficient way to charge and operate simultaneously, so you can get back to what matters.
