

Appliances

For all your appliance needs, we're your one-stop shop for the latest name-brands in the industry.

We'll make purchasing the latest appliances easy & hassle-free

When it comes to furnishing your new project or upgrade, look no further than Best Buy Business. We offer thousands of large and small appliances from all the top brands like Insignia, Whirlpool, LG, Samsung and more. We'll make delivery and installation easy and hassle-free. **Here's what we offer:**

Personal Account Managers Your experienced and knowledgeable Sales Professional will work closely with you to learn all aspects of your project to ensure they're providing you with the best appliance solutions available for your specific needs and budget.

Project Management We'll help manage as little or as many aspects of your on-site installation as necessary, and will work directly with your general contractors for scheduling. From single units to multiphase, multi-site kitchen and laundry, no job is too big or too small.

Industry-leading assortment We're able to offer an exclusive selection from thousands of appliances—all from the best brands in the industry. We also leverage the appliance assortment of Best Buy to get you the best prices.

Order fulfillment options and logistics Choose from in-store pick-up at any of our 1,000+ Best Buy store locations nationwide, direct-ship and multi-location shipping. And with our advanced supply-chain capabilities, we'll make everything from freight delivery to recycling easy and seamless.

Best-In-Class Install Services We offer the benefits of White-Glove delivery and Installation & Setup. We'll also haul-away and recycle your old appliances responsibly.

Flexible financing and purchasing options Includes leasing, a range of end-of-term options, NET-30 and more.

Special bundle deals and volume pricing are available.

We're committed to your success

Everything we do at Best Buy Business is to support our enterprise clients with customized, turnkey technology solutions.

When you work with us, you're enlisting a team of professionals to help solve your business technology challenges. From your personal account manager, to the pre-sales engineer, and the Geek Squad® Agents, we work with you to find the right pairing of technology and services to help your business succeed. We're in this together. For the long haul.
