WORKING TOGETHER

Best Buy
LG Business Solutions
Logitech

Hybrid workplaces are at the center of the way teams communicate and collaborate. Regardless of location, the need to foster a culture of employee engagement, boost team collaboration, and improve productivity is critical. Toward this end, the right technology solutions play a significant role in driving adoption through a better user experience. LG Business Solutions, Logitech, and Best Buy Business have developed a set of solutions that address these needs.

Remote workspaces are enhanced by combining LG Monitors with IPS displays and Logitech collaboration kits that provision any desk, anywhere, with an essential HD webcam, matched with a USB wired or wireless headset. For small and mid-sized meeting spaces, an LG large format display with a Logitech Rally Bar solution delivers brilliant optics, powerful audio, and remarkable simplicity to set a new standard for video collaboration.

With the devices, video collaboration tools, and services to support your hybrid workforce and enable a safe and productive experience whether they work from home, at the office, or on the go, Best Buy Business has the solutions to help you transition to a hybrid workforce.

LOGITECH RALLY BAR MINI
FOR SMALL MEETING ROOMS

Rally Bar Mini is an elegant solution for small room collaboration with studio-quality audio and video, AI-driven performance, and flexible deployment options. This simple to use and deploy design delivers many of the capabilities of larger video bars like Logitech Rally Bar, including studio-quality audio and video, motorized pan and tilt, and AI-powered performance.

RALLY BAR - LOGITECH'S PREMIER, ALL-IN-ONE
VIDEO BAR FOR MIDSIZE MEETING ROOMS

Rally Bar sets a new standard for video collaboration with brilliant optics, room-filling audio, and AI-driven performance. Motorized PTZ captures images with lossless image quality up to 5X optical zoom. An AI Viewfinder ensures all meeting participants are captured and framed to perfection. Powerful low-distortion speakers with RightSound technology™ deliver outstanding conversational accuracy. Rally Bar is designed with clutter free cable management, multiple mounting options, and the flexibility to deploy in USB or appliance mode.

UH5F SERIES
COMMERCIAL DIGITAL DISPLAYS

LG's UH5F series displays with webOS™ deliver brilliant Ultra HD images. Thanks to advanced IPS screen technology and non-glare coating, these displays can be viewed comfortably in brightly lit rooms by everyone present. Cisco® and Crestron® compatibility make them an ideal choice for meeting rooms. The slim design is available in sizes ranging from 43" to 98".

UL3G SERIES
COMMERCIAL DISPLAY MONITORS

These advanced commercial display monitors feature IPS screens that deliver crisp, sharp images in Ultra HD resolution. Built-in Quad-Core SoC and LG's webOS 4.0 Smart Signage Platform give them added processing power and content management capability. The UL3G series products are Crestron® & Cisco® compatible and come in screen sizes ranging from 55" to 86".

US340C & UT640S SERIES
UHD COMMERCIAL TVs

Featuring HDR10 support and Ultra HD resolution, these commercial TVs deliver content with vivid colors and detail. The 4K Upscaler automatically upgrades FHD content to UHD quality. Other features include USB Cloning & Auto Playback, Customizable Welcome Screen, Certified Crestron Connected®, and Scheduler. Both series are available in screen sizes ranging from 43" to 86".

LOGITECH WIRED PERSONAL VIDEO COLLABORATION KIT

Provision any desk with an essential HD webcam matched with the wired USB headset specifically designed for noisy workspaces. With the Logitech C925e and Zone Wired kit, users can enjoy the simplicity of plug-and-play video meetings from any desk.

PREMIUM BRIO AND ZONE WIRELESS KIT

With Logitech's BRIO and Zone Wireless solution, any personal workspace can be provisioned with an advanced webcam and Bluetooth® headset specifically designed for open workspaces. BRIO delivers high-resolution video quality - whether hopping on a quick call or joining a video conference. Add high-definition audio with the Zone Wireless headset to fully equip employees with premium-quality video conferencing without ever leaving their desks.

WE PARTNER WITH YOU EVERY STEP OF THE WAY FROM DESIGN TO INSTALL TO SUPPORT.

UHD 4K MONITORS

This 27" monitor features LG's IPS screen to deliver content in UHD 4K resolution. Its ergonomic stand provides 4-way adjustment capability (Tilt/Height/Swivel/Pivot). USB Type-C™ Connection, Dynamic Action Sync, AMD FreeSync™ Technology, and a wealth of other features, including Reader Mode, Flicker Safe, Black Stabilizer, and On-Screen Control (OSC), combine to help provide all-day computing comfort.

UHD 4K ULTRAFINE MONITORS

Featuring advanced Nano IPS screens and VESA DisplayHDR™ 600, LG's UltraFine™ monitors realize richer color expression for truer reproduction of all content. 4K Daisy Chain with Thunderbolt™ 3 makes it possible to establish a dual-monitor environment that enables simultaneous processing of high-capacity videos and images on a portable device while using the latest MacBook Pro™ without the need for multiple cables.

ULTRAWIDE™ MONITORS

See more and do more with an UltraWide™ monitor with QHD (3440x1440) resolution. Its 3-Side Virtually Borderless Design and Ergo Stand design can free up desk space and provide expanded ergonomic adjustment capability, including extend, retract, swivel, height, and tilt. HDR10 and sRGB 99% Color Gamut deliver content with faithful color reproduction. Additional features include AMD FreeSync™, Reader Mode, and Flicker Safe.
