

# ALIENWARE TRI-MODE WIRELESS GAMING HEADSET – AW920H

## INCREDIBLE IMMERSION

Dolby Atmos® Virtual Surround Sound delivers crystal-clear audio with three-dimensional pinpoint precision, so you can react quickly and accurately to off-screen targets, even on the most chaotic of battlefields.

## TUNED FOR PERFECTION

**High-End Sound:** 40mm Hi-Res Certified Drivers deliver a wide range of frequencies for rich, clear, and immersive audio, capturing every auditory in-game detail.

**Hear Every Step:** Active Noise Cancelling (ANC) helps you focus in-game, with four integrated microphones that work harmoniously to cancel out external noise.

**Relay Any Command:** AI-driven Noise-Cancelling microphone helps to filter ambient noise and improve communication in chat or on calls via the detachable boom mic or the integrated microphone.

## CHARGE QUICKLY. GO ANYWHERE

**Fast-Charging Capabilities:** Enjoy up to 55 hours of play on a full charge, or get up to 6 hours of use after a quick 15-minute USB-C fast-charge.\*

**Tri-Mode Connectivity:** Experience crisp, lag-free audio when using our USB-C Wireless Dongle to pair the AW920H with your PC. Or connect it to your laptop, phone, or tablet via Bluetooth 5.2. Use the 3.5mm cord for a wired connection to your PC or consoles.

## COMFORT AND STYLE

**Stay in The Game:** Leatherette and Memory Foam earcups, intuitive volume control, integrated microphones, a detachable boom mic and a slim, firm-fitting headband provide a comfortable and secure listening experience—perfect for gaming, talking on the phone or listening to music on-the-go. Die-cast headband sliders make the AW920H sleek, durable and ready for all your gaming.

**Easy to Control:** Touch controls in the right earcup allow for easy adjustment of volume, track, call status, ANC on/off, and AlienFX RGB lighting on/off.

**Premium Design:** Available in an envy-inducing Lunar Light or Dark Side of The Moon color options, the AW920H rocks the iconic Alienware Legend 2.0 design, for a modern, unforgettable look.

**Light It Up:** AlienFX RGB lighting syncs with Alienware Command Center so you can customize your lighting or toggle the RGB lighting on/off using the touch interface, no matter where you are.
