PRODUCT OVERVIEW

Add an unobtrusive, rear-view backup camera that matches your vehicle's factory tailgate with iBeam's new replacement tailgate handle camera.

A 150 degree viewing angle with 0.5 LUX night vision and defeatable parking lines offer added visibility for drivers to see what's behind them. A 1/3 inch CMOS camera provides a sharp, clear picture during the day or night. A 26 foot harness is included to connect the camera to your aftermarket radio (radio not included) for video input.

- Chrome finished handle
- 1/3" CMOS camera
- 150 degree viewing angle
- Replaces the OEM tailgate handle
- 0.5 lux night vision
- Defeatable parking lines
- 26 foot harness included
