Home Security System Quick Start

1. Download the Arlo Secure App.

2. Open the Arlo Secure App and tap **Add Device**.

3. Follow the setup instructions for your Keypad Sensor Hub and All-in-One Sensors.

To learn more about using your Home Security System after installation, see the **Arlo Home Security System Quick Reference Guide** included in the package.

June 2022

201-50584-01

What's in the box

Keypad Sensor Hub with integrated cable

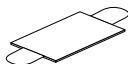

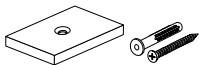

Power Adapter

All-in-One Sensor

Magnet with Adhesive

Sensor Adhesive

Flat Wall Plate with Short Screw and Anchor

Corner Wall Plate with Long Screw and Anchor

Note

Your sensor might not need a wall plate, depending on how it will be used. The Arlo Secure App explains this during setup.

Do not attach the adhesive unless the app instructs you to do so. If you're using the sensor to detect water leaks, the adhesive isn't needed.

When positioning your Keypad Sensor Hub, do not block its motion sensor. Do not press on the motion sensor: it is not a release button.

Motion sensor
