

DURACELL®

Lithium-Ion Jump-Starter

1100 PEAK AMPS

JUMP-STARTS 4•6•8 CYL

Product Features

Up to 25 jump-starts per charge

Holds a charge for up to one year

Ultra bright 200 lumen LED worklight with low, high and SOS modes

Up to 5 smartphone recharges per charge

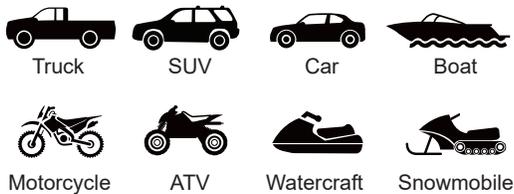

SafeJump™ technology prevents sparking and protects against reverse polarity, reverse current, short circuits and overheating

IP65 weatherproof construction for reliable jump-starting in the most demanding conditions

Jump-Starts

Charges

DURACELL®

Lithium-Ion Jump-Starter

SafeJump™ technology ensures safe and reliable operation.

Spark proof

Reverse polarity protection

Reverse current protection

Short circuit protection

Over temperature protection

Overcranking protection

Meets or Exceeds Industry Safety Standards

- **FMEA tested** – DRLJS20 safely passed a comprehensive Failure Mode Effect Analysis test regime specifically designed for this product by teams from Duracell, Battery-Biz and TUV Rhineland.
- **UL 1642 cell:** Tested and certified to safely survive high temperature shorting, crushing, over-charging and more
- **Unique ultra-stable NCM (LiNiMnCoO2) cell chemistry** for unparalleled safety and reliability.
- **Meets or exceeds UL, TUV, BC, UN, TSA and USDOT standards** for safety and efficiency.
- **Heavy duty 8 AWG jump-starting cables** ensure cooler operation and efficient power flow.
- **LED warning indicators** highlight trouble situations; automatic shutdown/reset stops hazards before they occur.

Product Specifications

Part Number / Physical Specifications

SKU	DRLJS20
UPC	609525764734
Dimensions (L x H x D)	7.0 x 3.2 x 1.5 in / 17.8 x 3.2 x 3.8 cm
Weight	0.9 lbs. / 0.4 kg

Technical Specifications

Internal battery	43.8 Watt-Hour Lithium-Ion pack by ATL
Battery output	1,100 peak Amps
Battery charge retention	Holds a charge for up to one year
Battery recharging time from standard AC wall outlet	4 hours maximum
Battery fuel gauge	LED display
Jump-starting capability	Gas engines up to 5.0L, 8 cylinders
Safety protections	SafeJump™ technology integrated circuitry
Safety certifications	UL, TUV, BC; also exceeds UN, TSA and USDOT standards
LED light	3 settings; functions as torch (high/low settings) or emergency strobe light (SOS pattern)
USB output	5V, 2.4A

What's Included

Duracell® DRLJS20 Lithium-Ion jump-starter	Jump-starts engines up to large V8
Heavy-duty jump-starting clamps	Copper-plated teeth and 8 AWG cable for superior conductivity; incorporates SafeJump™ technology
Compact carrying / storage bag	Stores easily in most vehicle glove compartments
User guide	Operating and warranty information
DC charger and USB cable	Recharge the Jump-starter in the car or with your own AC wall charger (wall charger not included)

Retail Setup

Retail pack dimensions (L x H x D)	11.5 x 8.7 x 3.1 in / 29.3 x 22.0 x 7.8 cm
Master carton UPC	50609525764739
Battery charge retention	Holds a charge for up to one year
Master carton quantity	3
Master carton dimensions (L x H x D)	11.8 x 9.1 x 10 in. / 30.0 x 23.1 x 25.4 cm
Master carton weight	10.6 lbs. / 4.8 kg
Safety protections	SafeJump™ technology integrated circuitry
Country of origin	China
Warranty	24 months)
Availability date	Currently available
