IMPORTANT SAFETY INSTRUCTIONS

Choking Hazard

WARNING: This product may contain small parts which may be a choking hazard to children under three years of age. Keep small parts away from children.

Road Hazard

WARNING: Risk of severe injury or death. This product requires in-car installation. Do not attempt to install or set up this equipment while your vehicle is moving.

WARNING: Risk of severe injury or death. Do not install this equipment in a way that it will obstruct the view of the driver. Some jurisdictions have restrictions regarding the installation of after-market accessories. Consult and obey the local laws and regulations.

Notices

- Check the state and local laws and ordinances where you drive. Some state laws prohibit drivers from using mounts on their windshields while operating motor vehicles. Other state laws allow the mount to be located only in specific locations on the windshield. It is the user's responsibility to mount the device in compliance with all applicable laws and ordinances.
- Insignia does not assume any responsibility for any fines, penalties, or damages that may be incurred as a result of any state or local law or ordinance relating to the use of your device.
- Do not install this or any product over an air bag cover or within the air bag deployment zone. Insignia assumes no responsibility of liability for injury or death as a result of car crashes or air bag deployment.
- Insignia is not responsible for any damages caused to your car, your device, or yourself due to the installation or use of the mount.
- This product is designed for a GPS that weighs less than .7 lbs. (.3 kg). Do not exceed the maximum weight.

FEATURES

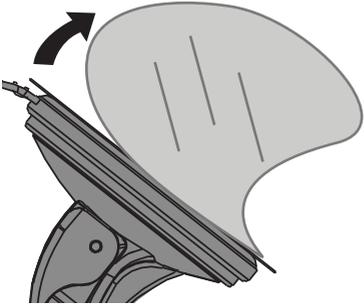

Your magnetic mount securely holds a GPS or mobile device to your car window or dashboard. Make sure that your GPS is securely fastened to the mount before you begin your trip.

CAUTION: This mount is not intended for extreme off-road use.

Attaching to a car window or dashboard

- 1 Clean the window or dashboard with a clean cloth.
- 2 Remove the clear film from the suction cup.

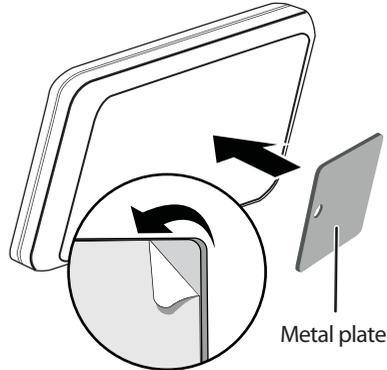

- 3 Release the suction lever on your magnetic mount, position the suction cup in the window or dashboard location you want, then press the lever down.

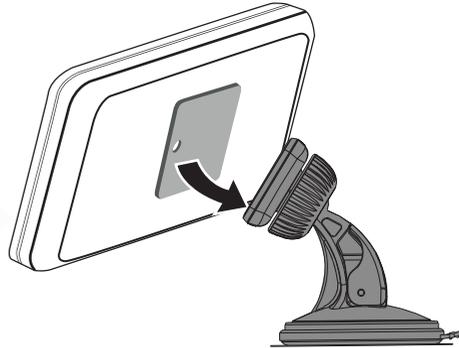

The mount adheres to the window or dashboard.

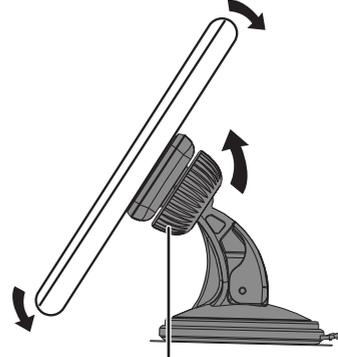

- 4 Remove the protective film from the metal plate, then press the adhesive side of the plate to the back of your GPS or mobile device.

- 5 Press the other side of the metal plate to the magnetic mount head.

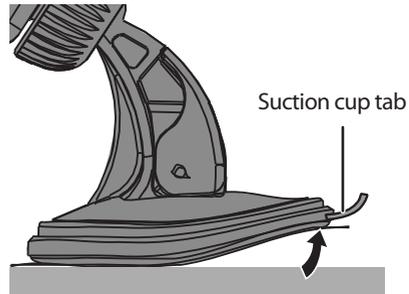

- 6 Loosen the adjustment knob, adjust the viewing angle, then fully tighten the knob.

Adjustment knob

CAUTION: Always loosen the adjustment knob before changing the viewing angle.

- 7 To remove the mount, push the suction lever, then pull the suction cup tab.

If the cup leaves a residue, clean the window or dashboard with water or window cleaner and a clean cloth.

CAUTION: Do not adjust your mount while driving.

Removing your GPS

Hold your GPS or mobile device securely, then pull it away from your mount. The metal plate stays attached to your GPS or mobile device.

ONE-YEAR LIMITED WARRANTY
