New Product Announcement

Garmin Dash Cam™ 65W

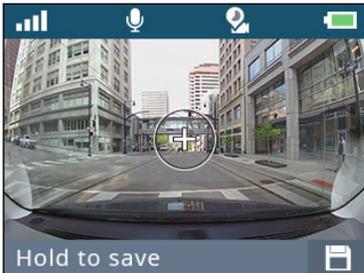

The small and discreet Dash Cam 65W has an extra-wide 180-degree field of view that captures more of the environment, including cross traffic, in high-quality 1080p video. It also provides advanced driver alerts for forward collision and lane departure warnings² plus alerts for red light and speed cameras³ and “Go” alerts. Voice command allows you to start/stop audio recording, take a still picture and more. You just look ahead and drive.

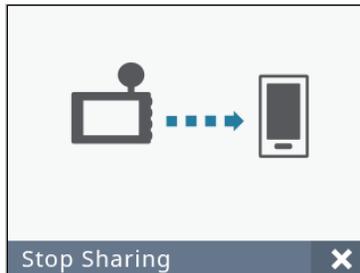

KEY FEATURES:

NEW	180-DEGREE FIELD OF VIEW¹	Extra-wide 180-degree field of view (FOV) captures more of the environment, including cross traffic; high-quality 2.1-megapixel camera with 1080p video capture, 1920x1080 resolution
	COMPACT DESIGN	Small and inconspicuous when mounted on windshield
	VOICE CONTROL	Control with your voice, and keep your hands on the wheel; say “OK, Garmin” to save video, take a picture, start/stop audio recording, and start/stop the Travelapse video capture feature
	FORWARD COLLISION & LANE DEPARTURE ALERTS²	Encourages safer driving with warnings if you drive too closely to the vehicle ahead or drift off-road or into oncoming traffic
	“GO” ALERT	When your vehicle is stopped at an intersection or in traffic, the “Go” alert notifies you when traffic ahead of your vehicle begins moving again
	WI-FI[®]	Built-in Wi-Fi lets you wirelessly sync videos from Dash Cam to the VIRB [®] Mobile app to easily share videos with friends
	TRAVELAPSE™	An easy, fun way to share driving footage by condensing hours of driving into minutes of highlights
	PARKING MODE	Hard wire cable connects your Dash Cam to constant power and monitors any motion detected when your vehicle is parked (sold separately)
	INCIDENT DETECTION	G-sensor automatically saves footage of incidents on impact
	GPS-ENABLED	Records location, direction, speed, date and time to show exactly when and where incidents happened
	RED LIGHT & SPEED CAMERA ALERTS³	Receive notifications for nearby red light cameras and speed cameras
