Above & Beyond

Lowepro's new DroneGuard Series is specifically designed for DJI's most popular photo drones.

Inspire

Phantom

Mavic

DroneGuard Series

DroneGuard Pro Inspired

Fits

- DJI Inspire Drone
- Series 1 & 2
- Transmitter & Batteries

The DroneGuard Pro Inspired bag carries DJI's professional level Inspire drone.

The Inspire drone features positions for 2 cameras allowing a pilot to operate the drone and a videographer to independently direct the camera.

Because of the larger size and motor mounts that do not fold, the drone is carried with the motor mounts on the exterior to reduce the overall volume and weight of the backpack.

Color Shown: Black

Padded Top Pocket protects electronics and provides easy access on-the-go

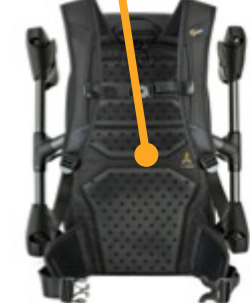

Motor Socks easily install for added protection on the go

Durable exterior made with FormShell™ compression molded soft armor to protect the drone body, Transmitter and gimbal fixture

All Weather Cover provides lightweight protection for entire drone from rain and dust

ActivZone™ Harness - targeted support at shoulder blades, lumbar and waist for comfort on the move.
