Highlights

Perfect TV backlight

Create the most beautiful backlight for your television. Just mount Philips Hue Play behind your screen using the clips and double-sided tape included in the pack, and enhance your viewing experience with splashes of light surrounding your television. Experience a different atmosphere every evening on the couch.

Create your ambience

Set the right ambience for any moment and decorate your home with warm to cool white light. Enjoy different styles throughout the year, no matter if it's the crisp white light reminding you of a spring breeze, the warm white light of a

summer sun, or the ice cool daylight of winter. Connection with the Philips Hue bridge required for this functionality.

Sync with entertainment

Extend your TV viewing experience to the whole room or sync light to your favorite music and see how light reacts to the rhythm. Download Hue Sync and discover the amazing things you can do with Philips Hue.

Control it your way

Connect your Philips Hue lights with the bridge and start discovering the endless possibilities. Control your lights from your smartphone or tablet via the Philips Hue app, or add switches to

your system to activate your lights. Set timers, notifications, alarms and more for the full Philips Hue experience. Philips Hue even works with Amazon Alexa, Apple HomeKit and Google Home to allow you to control your lights with your voice.

Full control with Hue bridge

Connect your Philips Hue lights with the bridge to unlock the endless possibilities of the system.

Play with light

Play with light and choose from 16 million colors to instantly change the look and atmosphere of your room. Set the scene effortlessly with one touch of a button. Use a favourite photo and relive that special moment with splashes of light. Save your favourite light settings and recall them whenever you want with the tap of a finger.
