- Scratch resistant
- Easy to apply

Package contents

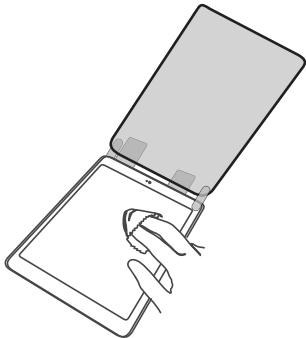

- Flexible Screen Protector
- Dust removal adhesive
- Alignment stickers (2)
- *Quick Setup Guide*
- Dry cloth
- Wet cloth
- Scratch card
- Polishing cloth

Attaching your screen protector

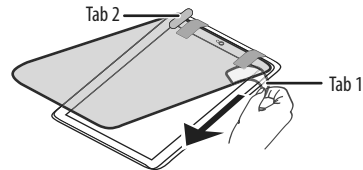

- 1** Remove your iPad case (if needed).
- 2** Align the screen protector with your iPad's screen, making sure that tab 2 is in the upper-left corner and tab 1 is in the upper-right corner.
- 3** Secure the screen protector at the top with the two alignment stickers.

- 4** Clean your iPad's screen. Lift up your screen protector, wipe the screen with the wet cloth, then with the dry cloth (both included). Use the dust removal adhesive (included) to clean any remaining debris. Do not use any solvents.

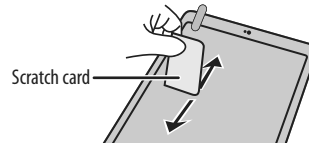

- 5** Flip the screen protector back over your screen, then slowly pull back tab 1 to remove the adhesive backing. The screen protector adheres to your device's screen.

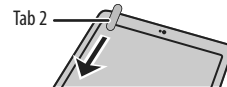

- 6** Remove the alignment stickers.

- 7** If there are bubbles, press them out toward the edges of the screen protector using the scratch card (included).

- 8** Use tab 2 to peel the blue film off the screen protector.

- 9** Reattach your iPad case (if needed), then remove fingerprints with the polishing cloth.
