

## Insignia 37" LCD TV

See the difference that high-quality components and precision assembly make in a television.

NS-37L760A12

### Features

- **2-year warranty**—Feel confident in the quality of Insignia TV parts and assembly
- **1080p**—Full HD enables you to receive the best picture quality possible
- **HDMI (3 inputs)**—Maximize your home theater setup
- **SRS TruSurround HD**—HD technology is incorporated under license from SRS Labs, Inc.

### Accessories

- Component video cable
- Audio cable
- Tabletop stand & screws
- *Quick Setup Guide*
- Remote control & AAA batteries (2)
- Cleaning cloth

### Product Specifications

|                                            |                      |
|--------------------------------------------|----------------------|
| Warranty—Parts                             | 2 years              |
| Warranty—Labor                             | 2 years              |
| Dimensions (WxHxD)—w/o stand               | 35.5" x 22.9" x 3.5" |
| Weight—without stand                       | 25.02 lbs.           |
| Dimensions (WxHxD)—w/stand                 | 35.5" x 24.5" x 9.5" |
| Weight—with stand                          | 30.03 lbs.           |
| Screen size (diagonal)                     | 37"                  |
| Display type                               | LCD                  |
| Panel Hz                                   | 60 Hz                |
| Display resolution                         | 1080p                |
| Panel resolution (H x V)                   | 1920 x 1080          |
| Aspect ratio                               | 16:9                 |
| Contrast ratio (typical)—panel             | 1500:1               |
| Dynamic contrast ratio                     | 6000:1               |
| Brightness (center typ.) cd/m <sup>2</sup> | 400                  |
| Comb filter                                | 3d y/c digital       |
| Horizontal viewing angle                   | 178°                 |

|                                             |                              |
|---------------------------------------------|------------------------------|
| Vertical viewing angle                      | 178°                         |
| Tuner—supports:                             | NTSC, ATSC, 8-VSB, Clear-QAM |
| Composite inputs                            | 1 (side)                     |
| S-Video inputs                              | No                           |
| Component video inputs                      | 1 (side)                     |
| HDMI/DVI input                              | 2 (back), 1 (side)           |
| PC/VGA input                                | 1 (back)                     |
| Response time                               | 8 ms                         |
| Shared audio inputs (component & composite) | Yes                          |
| 3.5 mm PC audio input                       | 1 (back)                     |
| RF input                                    | Yes                          |
| Video output                                | No                           |
| Analog audio output                         | 1 (back)                     |
| Digital audio output                        | 1 (back)                     |
| Media card slot                             | No                           |
| INlink                                      | Yes                          |
| WiFi                                        | No                           |

|                              |                                      |
|------------------------------|--------------------------------------|
| Ethernet port                | No                                   |
| USB port                     | 1 (side)—Support JPEG and FW upgrade |
| Headphone jack               | 1 (side)                             |
| Watts/channel                | 10W x 2                              |
| # of speakers                | 2                                    |
| Simulated surround sound     | SRS TruSurround HD                   |
| Sound leveler                | Yes                                  |
| Power consumption            | 175W                                 |
| Power consumption—in standby | <1W                                  |
| Power inputs: AC             | 120V/60 Hz                           |
| OSD languages                | English/French/Spanish               |
| Energy Star qualified        | No                                   |
| Internet connectable         | No                                   |
| V-Chip (version 2.0)         | Yes                                  |
| Sleep timer                  | Yes                                  |
| Channel labeling             | Yes                                  |
| VESA mount (mm)              | 200 x 200                            |
