

## FAMILY SAFETY RADIOS

# FS300-2

### Already Paired

Ready to use without setup.  
No cell service required.

### Hands Free Response

No need to press any buttons on the Child unit to talk after receiving parent unit calling.

### Up to 8 mile range

Compact design with extended range.

### Roger beep

Confirmation tone indicates to others it's clear to talk.

### Power saver circuitry

Unique circuit extends battery life when not transmitting or receiving.

Parent Unit

Child Unit

## Features

## Benefits

|                                |  |
|--------------------------------|--|
| <b>Pre-Pairing</b>             | Handsets come already paired   |
| <b>Hands Free Response</b>     | Child unit will automatically switch to VOX model (Voice-activated transmission) hands free communication with Parent Unit.                                    |
| <b>UHF/FM</b>                  | Ultra-clear long distance reception.   |
| <b>Up to 8 Mile Range</b>      | Extended range capability provides up to 8 mile range. (Range will vary depending on terrain and conditions.)  |
| <b>22 Channels</b>             | Parent unit can easy access to all 22 channels (7 GMRS/FRS, 7 FRS, 8 GMRS) in normal communication mode. Works with other GMRS/FRS walkie-talkie 2-way radios. |
| <b>10 Weather Channels</b>     | Be prepared for storms and emergencies with the built-in weather radio receiver providing coverage of all government operated weather channels.                |
| <b>Battery Saver Circuitry</b> | A unique circuit extends the life of the batteries. If there are no transmissions within 10 seconds, the unit will automatically switch to battery saver mode. |
| <b>Call Alert</b>              | Provides an easily recognizable alert for incoming calls on parent unit.   |
| <b>Roger Beep Tone</b>         | Confirmation tone indicates the completion of the user's transmission, and signals to others it is clear to talk.  |
| <b>Auto Squelch</b>            | Automatically shuts off weak transmissions or unwanted noise due to terrain or range constraints.  |
| <b>LCD Display</b>             | Easy to view display provides the radio's status at a glance on parent unit.   |
| <b>Keystroke Tone Signal</b>   | Confirms key activation.   |
| <b>Belt Clip</b>               | Secures your microTALK® radio while on the go.   |
| <b>Landyard connection</b>     | Children can carry the child nit in a convenient way.  |
| <b>1 Year Warranty</b>         | On radios sold in the U.S.A.   |

## Unit Specifications - General

|                                     |  |  |   |                                |  |
