Tablet iPad Stand Public Kiosk Display

CHANGE THE WAY YOUR TABLET IS INTREGATED INTO YOUR BUSINESS

Our tablet stand is designed to give your business customizable options for your convenience. Upgrade your business to a modern paper-free iPad tablet design with our MI-3771B stand. This tablet mount has full motion rotating capabilities and a unique set of features that maximize your customizability. You can use the freestanding base or mount your tablet stand directly to a counter. You can also lock your tablet holder with a provided key, block the iPad home button, and utilize your front-facing camera.

- We also provide a vented tablet tray to ensure your device doesn't overheat. It comes with a lock and a key to ensure its security. And our wide stable base plate is removable to reveal a bolt-in or screw-in mounting plate that will keep your tablet in place at all times!
