Bonus Description

Yakuza 6: The Song of Life is the final odyssey for long time protagonist Kazuma Kiryu, so it's only right that we send him off with our first-ever Yakuza premium edition. The “After Hours Premium Edition” contains all the right tools to loosen up after a long day of living up to the nickname “The Dragon of Dojima.” The intense human drama and magnetic world will be on display in a stunning hardcover art book. Designed with Kiryu’s ferocious dragon tattoo, two bar glasses (280ml) are the perfect receptacles for your beverage of choice. Cool down your drinks with a pair of heat action branded ice stones. Protect table surfaces with style by placing your glasses on top of two official Tojo Clan branded coasters. All of these essential tools will be housed within a collectible outer box.

NOTE: All will be **BUNDLED** with the game at launch. There is no need to order separately.
