Tablet pocket: 11 x 8.5 x 0.25 in

## DESCRIPTION

When you're ready to move up to a different league of organization in a backpack, this is the one you want to strap on for size, the Swissgear 5358 USB ScanSmart Laptop Backpack. Encased in durable, abrasion-resistant polyester fabric, this pack has a surprise around every corner.

This bag comes with a TSA friendly lay-flat back panel with room for a tablet and a laptop, a front quick access pocket, a fleece lined crush-resistant sunglasses pocket and an organizational pocket. The center compartment is really where this bag shines as it has an internal zippered panel that when unzipped turns into a side-access shoe bag. Fully padded shoulder straps and back panel, a phone charging hub, and insulated side zip pocket round out this great pack.

## **FEATURES**
