Consumer rights and restrictions

The benefits conferred by this warranty are in addition to all rights and remedies covered by consumer protection laws or regulations in your country of purchase or country of residence.

This warranty does not exclude, limit or suspend any rights of consumers arising out of nonconformity with a sales contract. However, with extent permitted by law, and in so far as such warranties cannot be disclaimed, all such warranties shall to the extent permitted by law and be limited to the duration of the express warranty described below and to the repair or replacement service as determined by Royole at its sole discretion. Further, to the extent permitted by law, this warranty and the remedies set forth above are exclusive and in lieu of all other warranties, remedies and conditions, whether oral, written, statutory, expressive or implied. Some states, provinces, and countries do not allow limitation on how long an warranty or condition may imply or last, so the limitations described above may not apply to you. This warranty gives you specific legal rights, and you may also have other rights that vary by states, provinces or countries. This limited warranty is governed by and construed under the laws of the country in which the purchase of the product took place.

Warranty

Royole Corporation warranty obligations for this product are limited to the terms set forth herein. Royole Corporation warrants this product against defects in materials and workmanship under normal use for a period of one (1) year from the date of delivery by the original purchaser ("warranty period"). If a hardware defect arises and a valid claim is received within the warranty period, at its option and to the extent permitted by law, Royole Corporation will either,

(2) exchange the defective product with a product that is new or refurbished, which is equivalent to new in performance and reliability and is at least functionally equivalent to the original product;

(3) refund the purchase price of the product. Royole Corporation may request that you bear the costs of missing parts or accessories caused by yourself. And Royole Corporation may replace the defective parts with user-installable new or refurbished parts that Royole Corporation provides in fulfillment of its warranty obligation. A replacement product or part, including a user-installable part that has been installed in accordance with instructions provided by Royole Corporation, assumes the remaining warranty period of the original product or ninety (90) days from the date of replacement or repair, whichever provides longer coverage for you. Parts provided by Royole Corporation in fulfillment of its warranty obligation must

be used in products for which warranty service is claimed. When a refund is given, the product for which the refund is provided must be returned to Royole and becomes Royole Corporation's property.
