15.0 Troubleshooting and reminders

1. Unable to power on: Please check if the batteries are wearing out, put the earbuds back to charging case and plug in the charging wire. If the light on the charging case turns from red to white, take out the earbuds and try again.
2. Immersion damage: Do not power on or charge the product, wipe off surface moisture and dry it in the shade for several hours. Then try to power on again.
3. Playback or connection issues: Put the earphones in the charging case, press and hold the charging case button for 10 seconds to restore factory settings, and then try to use them again.
4. Unable to connect to phone: Make sure Bluetooth is turned on, delete the pairing, turn on the earphones, and search for the earphones' Bluetooth signal to connect. If it still does not work, try restoring factory settings.
5. No sound: Ensure that Bluetooth is connected and try increasing the earphone volume.
6. Unable to charge: Try using a different 5V power adapter to charge or replace the charging cable to see if it solves the problem.
7. If the problem persists: Please contact TOZO customer service.

★FCC Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions may cause harmful interference to radio communications. However there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception which can be determined by turning the equipment off and on the user is encouraged to try to correct the interference by one or more of the following measures:
· Reorient or relocate the receiving antenna.
· Increase the separation between the equipment and receiver.
· Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
· Consult the dealer or an experienced radio/TV technician for help.
· This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions.
(1) This device may not cause harmful interference and (2) this device must accept and interference received including interference that may cause undesired operation.

TOZO®

d'Innovation, Sciences et Développement économique Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes :
(1) L'appareil ne doit pas produire de brouillage;
(2) L'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.
This equipment complies with IC RSS-102 radiation exposure limits set forth for an uncontrolled environment.
This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.
Cet équipement est conforme aux limites d'exposition aux radiations IC CNR-102 établies pour un environnement non contrôlé. Cet émetteur ne doit pas être colocalisé ou fonctionner en conjonction avec une autre antenne ou un autre émetteur.

17.0 EU Battery Regulation

This symbol on the battery(ies) or on the packaging indicates that the battery(ies) provided with this product shall not be treated as household waste. Instead, please separate battery(ies) from other types of waste and recycle it (them) through your local recycling system to protect environment and health. (When Cd is more than 20ppm or Pb is more than 40ppm, the chemical symbol of the excess substance shall be marked under the separate collection symbol) For more detailed information about recycling of this battery(ies), please contact your local authority or the shop where you purchased the product or battery(ies).

18.0 CE-DOC

Hereby, [Manufacturer] declares that the radio equipment type [Model No.] is in compliance with Directive 2014/53/EU.
The full text of the EU declaration of conformity is available at the following internet address:
www.tozostore.com

ELEMENTS D'EMBALLAGE A SEPARER ET A DEPOSER DANS LE BAC DE TRI

Cet appareil, ses accessoires, cordons et batteries ne recyclent

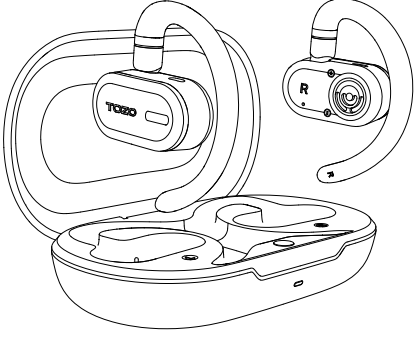

2.5-5.0 W

The power delivered by the charger must be between min 2.5 Watts required by the radio equipment, and max 5.0 Watts in order to achieve the maximum charging speed.
