

# VideoStudio® ULTIMATE 2018

VideoStudio Ultimate 2018 takes its award-winning combination of ease of use and breakthrough creativity further with fun new features and sophisticated effects! For your best movies, and best value, VideoStudio Ultimate is the only choice.

## Why VideoStudio Ultimate?

### 1 Stunning videos

Transform your photos and videos into movies. Edit HD, 4K, or 360 video with precision on the multi-track timeline.

### 2 Unlimited creativity

Tap into more than 2,000+ customizable filters and effects, correct shaky video, enhance color, and have fun with hundreds of premium effects from industry leaders - exclusive to Ultimate.

### 3 Intuitive workflow

From templates to timeline editing, develop your skills and create impressive videos. Learn as you edit!

### 4 Supports popular formats

Choose a video editor that's known for being feature-rich and easy to use. You'll be amazed by what you can create in VideoStudio.

### 5 Support for virtually all popular formats

Dive in and start editing, and enjoy support for a wide variety of cameras and formats.

## User Segments

### Perfect for all skill levels:

- Beginner Video Editors
- Video Editing Hobbyists
- Social Videographers
- Business Marketers
- Educators & Students

## What's New?

### NEW 3D Title Editor

Create stunning graphics and introduce and tell your story with style. Control textures, lighting, motion, and more.

### NEW Premium Effects

Enjoy hundreds of premium effects from NewBlueFX, Boris FX, and ProDAD. Now includes NewBlue Titler Pro 5.

### NEW Split Screen Video and Template Creator

Show multiple video streams simultaneously with new Split Screen video templates, even create your own custom split screen layouts.

### NEW Crop, Resize, and Alignment tools

Quickly crop video, resize, and position your media with new smart tools all within the preview pane.

### NEW Lens Correction tools

Quickly remove distortion from wide-angle cameras or action cameras with new and intuitive controls that make it easy.

### NEW Pan and Zoom

Zoom in on the action, or pan across a scene with new easy-to-use controls to set custom motion paths.

### ENHANCED 360 Video Editing

Your complete 360° video editor, now with support for more popular 360° cameras. Export your video directly to YouTube, your VR headset, and more!

### ENHANCED Stop Motion Animation

Plug in your camera and capture your animation, frame by frame. Now with support for all popular Canon and Nikon cameras.

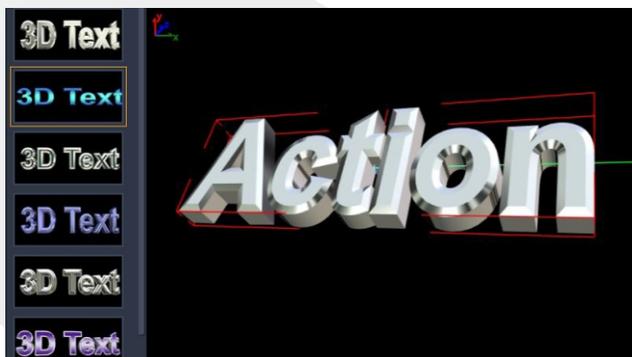

### ENHANCED Performance and Support

VideoStudio is optimized for the latest video hardware acceleration technologies from Intel and nVidia for faster and smoother rendering, and adds XAVC-S authoring to SD cards.
