

1. Plug in

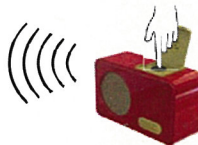

2. Open lid to play

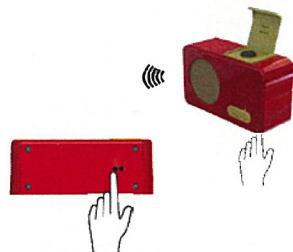

3. Close lid to stop

4. Skip to next tune button

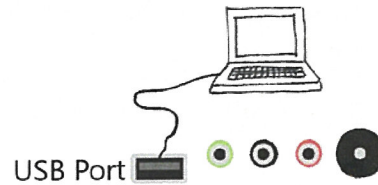

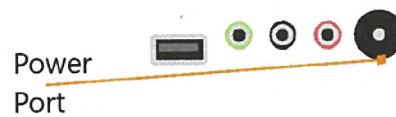

5. Adjust volume

Using a pencil, press the in-set buttons (higher or lower) on the bottom of the player. Hold for 5 seconds before any change occurs.

## User Guide

Loading new songs:

- i) First, unplug the power
- ii) Second, connect the USB cable to your computer and Music Player
- iii) Third, plug in the power and the Music Player will appear as a SMPV100' device on your computer
- iv) 'Copy and paste' or 'drag and drop' your MP3 files across from the computer to the player.

**Please Note:** As per above, you must plug in the USB cable *BEFORE* power. 30-50 songs is normally sufficient.
